

## **My favourite TV programs**

2 pages | 276 words

Mum and Dad like me to watch educational TV programs. I think that some of the programs they like are boring, but we all like wildlife programs. I have watched a lot of programs about species that are in danger of dying out. We should all know the facts about this problem. Then perhaps something can be done to prevent some species from becoming extinct. Some of the endangered animals are dying out because they are being hunted. They are not being hunted to provide food for people. They are being hunted because the hunters want to make a lot of money. One program I saw was about a hunter 'skilling' elephants for their tusks. Their tusks are made of ivory and hunters can sell this for a lot of money. People are trying to stop this kind of hunting but this is difficult. Some animals are in danger because there have been changes to their habitats. Sometimes these changes are because of changes to the climate. Sometimes they are because the environment is becoming polluted. I think it is a good thing that there are so many wildlife programs on television. It is important that we appreciate wildlife and try to save as much of it as possible. How to write on this topic? Use the following points as a guide

- What sort of TV programs do your parents want you to watch?
- What do you think of their choice of programs?
- What sort of programs do you all agree are good?
- Why do you like those programs? Give reasons.
- What can you learn from the programs?
- Would you recommend the programs to your friends?
