Introduction to Early Childhood Education Eva L. Essa,Melissa M. Burnham,2019-01-09 Introduction to Early Childhood Education provides current and future educators with a highly readable comprehensive overview of the field The underlying philosophy of the book is that early childhood educators most important task is to provide a program that is sensitive to and supports the development of young children Author Eva L Essa and new co author Melissa Burnham provide valuable insight by strategically dividing the book into six sections that answer the What Who Why Where and How of early childhood education Utilizing both NAEYC National Association for the Education of Young Children and DAP Developmentally Appropriate Practice standards this supportive text provides readers with the skills theories and best practices needed to succeed and thrive as early childhood educators I Am Laurie Laurie Johnson,2011-10-10 I realized after my diagnosis four years ago that having bipolar disorder does not define who I am as a person For close to three decades I battled an unknown adversary believing I was just sinning because I wasnt choosing happiness The story is composed of trials from my life including a turbulent relationship hopelessness and thoughts of suicide the abandonment of my Olympic dream the death of a son in my arms from a genetic disorder the early end to my teaching career and the suicide of my nephew I can now see how my undiagnosed bipolar disorder affected my decision making ability my relationships my joy and the goals I once had for my life It is a story of triumph in the face of adversity one that tells how God has given me a meaningful life even though things havent turned out how I originally envisioned *The Church of England sunday school quarterly magazine* ,1852 Participatory Research with Young Children Angela Eckhoff,2019-08-06 This book presents a

guiding framework for designing and supporting participatory research with young children The volume shares detailed approaches to research designs that support collaborative work with young children and teachers in a wide range of early learning environments It presents conceptual and ethical considerations for participatory work and explores children's agency through engagement in participatory practices It examines challenges to accepted practices and understandings of young children and discusses the analysis and dissemination of participatory work with children In doing so the book informs readers about the conceptual understandings and methodological approaches that can be used to support participatory research investigations where the young child is viewed as knowledgeable and capable of sharing unique opinions interpretations and understandings of her experiences as embedded within social cultural and political worlds The book sets the stage for early childhood researchers and educators to develop new understandings grounded in post developmental critical and social constructivist theories while exploring supportive methodological approaches
