Shattered Consensus James Piereson, 2016-11-08 The United States has been shaped by three sweeping political revolutions Jefferson s revolution of 1800 the Civil War and the New Deal Each of these upheavals concluded with lasting institutional and cultural adjustments that set the stage for a new phase of political and economic development Are we on the verge of another upheaval a fourth revolution that will reshape U S politics for decades to come There are signs to suggest that we are James Piereson describes the inevitable political turmoil that will overtake the United States in the next decade as a consequence of economic stagnation the unsustainable growth of government and the exhaustion of postwar arrangements that formerly underpinned American prosperity and power The challenges of public debt the retirement of the baby boom generation and slow economic growth have reached a point where they require profound changes in the role of government in American life At the same time the widening gulf between the two political parties and the entrenched power of interest groups will make it difficult to negotiate the changes needed to renew the system Shattered Consensus places this impending upheaval in historical context reminding readers that Americans have faced and overcome similar trials in the past in relatively brief but intense periods of political conflict While others claim that the United States is in decline Piereson argues that Americans will rise to the challenge of forming a new governing coalition that can guide the nation on a path of dynamism and prosperity

American Small-Town Fiction, 1940-1960 Nathanael T. Booth, 2019-01-29 In literature and popular culture small town America is often idealized as distilling the national spirit Does the myth of the small town conceal deep seated reactionary tendencies or does it contain the basis of a national re imagining During the period between 1940 and 1960 America underwent a great shift in self mythologizing that can be charted through representations of small towns Authors like Henry Bellamann and Grace Metalious continued the tradition of Sherwood Anderson in showing the small town by extension America itself profoundly warping the souls of its citizens Meanwhile Ray Bradbury Toshio Mori and Ross Lockridge Jr sought to identify the small town's potential for growth away from the shadows cast by World War II toward a more inclusive democratic future Examined together these works are key to understanding how mid 20th century America refashioned itself in light of a new postwar order and how the literary small town both obscures and reveals contradictions at the heart of the American experience

America BOOK JACKET *Unless a Grain of Wheat* W. A. Willis, 2010-01-24 This is a biography of G Christopher Willis a Canadian missionary to China from 1921-1949 His Christian literature publishing and distribution was the last Protestant missionary work in China after the Communist takeover continuing for another ten years under Communist rule At a time when the church in China entered a period of prolonged spiritual famine there remained a storehouse of Christian literature to feed the hungry and build up spiritual leaders enabling them to faithfully feed their flocks Today the church in China is the single most powerful witness of New Testament Christianity standing as a witness to the Western church as it flounders in materialism and liberalism This book is also a study of spiritual fruitfulness using the biography as a case study to understand Jesus words Unless a grain of wheat and their practical meaning in daily life There is a way forward for a floundering Western church to follow along the narrow path that Jesus has called it to walk **Essential Acker** Kathy Acker, 2002 The incredible variety of Acker's body of work has been distilled into a single volume that reads like a communique from the front lines of late 20th century America Acker was a literary pirate whose prodigious output drew promiscuously from popular culture the classics of Western civilization current events and the raw material of her own life
