*Lee Kuan Yew, My Lifelong Challenge* Kuan Yew Lee, 2012      **Lee Kuan Yew, My Lifelong Challenge** Kuan Yew Lee, 2012      **Lee Kuan Yew's Educational Legacy** Oon Seng Tan, Ee Ling Low, David Hung, 2017-03-06

The late Mr Lee Kuan Yew 1923-2015 laid the foundations for the creation of a first world education system in Singapore. Like many other issues concerning the country, his ideas for education were transported in a red box which he took with him wherever he went, even up to his last days. Inside it was always something designed to help create a better life for all Singaporeans. The editors of this volume were inspired by the idea of Mr Lee's red box and by the Founding Father's selfless drive to continuously improve the country he loved. As such, the book explores in detail Mr Lee's plans, including chapters on Education, The Man and His Ideas, Foundational Pillars of Singapore's Education, Education for Nationhood and Nation Building, and 21st Century Readiness and Adaptability. The chapters also include the author's visions, no matter how great or small, for the future of education in Singapore. They explore how Mr Lee's educational policies resulted in a system that attracts the right and best candidates to become teachers, that forms them into effective teachers, specialists and leaders that ensures they and the education system are able to deliver the best possible learning for every child, and that establishes a legacy that has allowed the education system to continue to move forward while tackling the challenges of its success. From the little red box came the ideas that led to the country's meteoric rise. Likewise, the editors hope this book will lead to a brighter future in education.

*Reassessing Lee Kuan Yew's Strategic Thought* Ang Cheng Guan, 2023-03-13

Building on the author's 2012 book *Lee Kuan Yew's Strategic Thought*, this new book presents a comprehensive overview of Lee Kuan Yew's strategic thought over the course of his entire life. It analyses the factors underlying Lee Kuan Yew's thinking, discusses his own writings and speeches, and shows how his thinking on foreign policy, security, and international relations evolved. It also appraises writing about Lee Kuan Yew and memorialisation of him, assessing how views of his legacy have changed and continue to change.

**My Nantah Story** Tan Kok Chiang, 1958

More than a hundred thousand people attended the inauguration ceremony of Nanyang University Nantah, a true people's university that was founded with the support of all strata of society, from tycoons to trishaw men. After producing 12,000 graduates and winning global recognition, the institution, the first Chinese medium university outside China, held her final convocation in 1980. Drawing from the author's own research and diverse sources that have never before been available in English, this book tells the fascinating story of Nantah's short and eventful life and deconstructs the many myths and misconceptions that continue to surround her. Errata: Mr Lee Hsien Loong's quote on page 23 was taken from NUSS 60th anniversary lecture and not the 16th anniversary lecture, as printed. Reader Reviews: This book is important reading for all Malaysians. It captures a brief moment in our history when a group of oppressed people rose up, set aside differences, and joined hands in the face of great challenges and severe resistance to build an edifice that aspired to a greater vision for mankind. Nanyang University is gone, but the Nantah spirit

lives on May we one day reclaim it for Malaya Thum Ping Tjin Historian Director of Project Southeast Asia Oxford University Tan Kok Chiang has succeeded in writing a remarkable book which can certainly be regarded as a comprehensive history of the old Nanyang University More than this his monumental work can also be upheld as a significant addition to the growing corpus of books considered to be alternative or people s history different from and breaking the monopoly of such official elite versions of history as exemplified by Lee Kuan Yew s The Singapore Story Syed Husin Ali Member Malaysian Senate and President People s History Centre

**Journeys to the Republic of Singapore** Kalman Dubov, 2021-12-05 The city state of Singapore is a relatively recent arrival on the world stage Singapore has achieved the remarkable transformation of transforming itself from a Third World to a First World entity within the span of just one generation It was founded by a prescient Englishman Sir Stamford Raffles a visionary who saw the potential for an expanding British Empire From February 1819 until February 1942 English presence continued and expanded until the Japanese invaded and occupied the territory The Fall of Singapore heralded the end of the British Empire a time when other colonies were wakened to assert their independence from the colonial yoke Initially Singapore was to join the Malaysian Federation but political differences resulted in the expulsion of the small state On the same day of that expulsion Singapore became independent Lee Kuan Yew a remarkable man then assumed the helm of the new country His political acumen oversaw the transformation of this city state into a modern powerhouse a remarkable achievement Singapore has become a place of advanced trade the desired tourist attraction amidst economic and political stability This achievement is the more remarkable since Singapore has limited land and no natural resources Its only resource is a deep harbor sufficient for entrepot trade It is this singular feature that has been exploited to the fullest Entering Singaporean waters reflects on a remarkable scene dozens of ships of every flag and purpose from industry to cruise liner awaits entry to its ports I describe the scene and setting together with the remarkable man whose influences are still present among the three different communities comprising Singapore Chinese Malaysian and English speakers Though democratic the Singaporean government is paternalistic with the greatest care exerted in how different people can live together in harmony And this city state is doubly remarkable for the integrity of its government and people I was amazed to see a full sized umbrella leaning in a corner of the subway with none who entered or left the car removing it from its perch What other city can boast such a standard I also describe the Jewish community here how they live in this city state while Israel and Israeli advisors remain in the background though exerting great influence on Singaporean defense and military preparedness This is a remarkable place and its founders set the standard that continues today
