

My summer holidays

2 passage - 2 opinions

Some people think that if you are abroad it is very expensive to get in touch with your relatives and friends who stayed in your Motherland. I cannot agree with this statement because everybody has any kind of gadgets. It is so simple to type a message by using internet and What'sApp.

There should not be any **fear** because nowadays every child is very **smart** and can use all the possibilities of high-tech technologies. I consider, every kid should be **brought up** open-minded, **clever** and **brave**.

Conclusion:

There are different points of view on this problem. I think that all of them are right because every person has his own opinion and should be respected. As for me, I believe that in order to get a good education and to have a high salary everyone should think about his future in advance.

Moreover, every teenager **is eager to** become a **wealthy** person and to **reach** his goal. Nowadays, I am **convinced** everybody can **travel** just want it. It's up to you! So, I was glad to meet my school friends and teachers now. I was very happy to return home and to spend several days in my summer cottage.
