constituted the human attempt to deal with anxieties concerning the threatening forces of nature by anthropomorphizing those forces into mythic images In the final two chapters Blumenberg s theory of myth is placed within the post war political context of West Germany Through a consideration of Blumenberg s exchanges with Carl Schmitt as well as by analysing unpublished correspondence and parts of the original Work of Myth manuscript that Blumenberg held back from publication Nicholls shows that Blumenberg s theory of myth also amounted to a reckoning with the legacy of National Socialism
