The Spiritual Background to the First World War Rudolf Steiner, 2024-05-24 With the unprecedented global conflict of the First World War as an overarching theme Rudolf Steiner addresses timeless issues such as the search for harmony between peoples and nations the development of the human capacity for love the contemporary presence of Christ and the questions of reincarnation and life after death Speaking in the German city of Stuttgart during and after the war years Steiner discusses the perpetual tension between East and West particularly in relation to Europe The war he says arose principally out of the Anglo Saxon peoples determination to exercise world domination Knowing that Slavic culture is destined to be the precursor of the sixth cultural epoch Western national interests resolved to make Eastern Europe specifically Russia the field for socialist experiments These events were aggravated by the failure of the Central European peoples in their own world historical task to rise to a broad sense of vision as intermediaries between the two groups Throughout Steiner refers to the work of individual Folk Souls but distinguishes them from the scourge of nationalism especially when it is based on blood whilst emphasizing the sovereignty of the individual human being Although more than a century old the enduring themes of these previously untranslated lectures will resonate with many readers today The main

text is supplemented with an introduction by Simon Blaxland de Lange editorial notes and an index Sixteen lectures Stuttgart Sept 1914 March 1921 GA 174b **The Occult Truths of Myths and Legends** Rudolf Steiner, 2022-10-31 In this series of previously untranslated lectures Rudolf Steiner describes how myths and legends portray humanity's most ancient evolutionary and spiritual history Folklore presents ancient mystical wisdom in the form of stories clothed in pictures by initiates that enable individuals to understand their content in a more intellectual form at a later time Focusing on Greek and Germanic mythology the lectures in the first part of this volume cover the chronicles of Prometheus Daedalus and Icarus Parzival and Lohengrin the Argonauts and the Odyssey and the heroic dragon slayer Siegfried From these focal points Rudolf Steiner discusses a variety of themes from the mysteries of the Druids and the founding of Rome to the esoteric background of Wolfram von Eschenbach from good and evil and the unjust death sentence on Socrates to the significance of marriage The second part of this book features lectures on the nature and significance of the musical dramas of Richard Wagner Wagner's works from his earliest attempts to his most mature opera Parsifal are discussed from spiritual viewpoints Although Wagner did not have a fully conscious awareness of the deeper meanings of his compositions Steiner suggests that his shaping of Germanic legends was driven by an instinctive creative and artistic certainty that accords with deep occult truths

Building Stones for an Understanding of the Mystery of Golgotha Rudolf Steiner,2015-08-19 If one is unable to conceive of the Christ mystery as a true reality one also cannot develop any ideas and concepts relating to the rest of world existence that are imbued with reality which really penetrate to the truth Rudolf SteinerIn a series of 17 lectures Rudolf Steiner throws new light on the historical background and esoteric meaning of what he refers to as the central event of human and earthly history the Christ mystery or the Mystery of Golgotha Basing his commentaries on personal spiritual research Steiner emphasizes the key nature of the Mystery of Golgotha through which something was accomplished which has to do not with the moral order alone but with the whole world order in its entirety This relates to a transformation of the spiritual environment of the earth and a potentially radical change in human consciousness Building on the core themes of this course Steiner presents a variety of fascinating topics including original sin and the idea of resurrection faith and knowledge the nature of sleep and the riddle of fatigue the violation of the mysteries by the Roman Emperors the teachings of Mani and Augustine our relationship to the dead in spiritualistic sciences and the correspondence between the Platonic year a day in a person's life and a human life time Although first delivered to audiences a century ago these lectures have lost none of their resonance indeed their essential message is perhaps more relevant than ever They are published here in a new translation and for the first time in a complete English edition So let us endeavour to make spiritual science our own not merely as a teaching but as a language and then wait until we find the questions in this language that we may address to Christ He will answer yes He will answer
