

DiscoveryTM 2200

METAL DETECTOR
by BOUNTY HUNTER[®]

OWNER'S MANUAL

The Discovery 2200 is a professional metal detector. While the most difficult aspects of metal detecting have been automated, it is a sophisticated electronic device which requires an understanding of some basic features and metal detecting concepts.

If you do not have prior experience with a metal detector, we strongly recommend that you:

- 1) **Adjust the Sensitivity to a low setting in the event of false signals.** Always begin use at a reduced sensitivity level; increase to full sensitivity after you have become familiar with the detector.
- 2) **Do not use indoors.** This detector is for outdoor use only. Many household appliances emit electromagnetic energy, which can interfere with the detector. If conducting an indoor demonstration, turn the sensitivity down and keep the search coil away from appliances such as computers, televisions and microwave ovens. If your detector beeps erratically, turn off appliances and lights, especially those with dimmer switches.

Also keep the search coil away from objects containing metal, such as floors and walls.

- 3) Read this manual. Most importantly, review the **Quick-Start Demo** (p.7-8) and **Basic Operation** (p. 9-11).
- 4) Use 9-volt **ALKALINE** batteries only. Do not use Heavy Duty Batteries.

Elite 2200 Metal Detector Manual

Didier Musso

Elite 2200 Metal Detector Manual:

This Captivating Realm of Kindle Books: A Thorough Guide Revealing the Benefits of E-book Books: A World of Ease and Flexibility E-book books, with their inherent mobility and ease of availability, have freed readers from the limitations of physical books.
