Literature in the Age of Lingua Franca English Justin Quinn, 2024-12-30 The English language is now a lingua franca spoken by about two billion people This insightful study considers how a bridge language affects world literature by analyzing what it is how it works what are its themes what it means for canons and how it is mediated Cultural criticism often employs perspectives of race citizenship and colonialism as well as considerations of scale archipelagic planetary form analogies between the literary and the social and technologies as they inflect artifacts These approaches help rethink the new dynamics of anglophone literature but they have often overlooked one of the basic elements of literature the language itself Literatures in English vernaculars have flourished and Justin Quinn shows that writers are also creating a new idiom in English that is not fixed to a particular locale or community While sentences may become simpler the vocabulary range narrower and rich cultural references lost Quinn reveals how much this new form of writing gains He explores the work of a wide range of authors including Daisy Hildyard Kim Stanley Robinson Bryan Washington Yiyun Li and Terrance Hayes Literature in the Age of Lingua Franca English The Zero Style is an innovative and illuminating resource for students and scholars of global anglophone literature comparative literature and cultural studies

Literature in Late Monolingualism David Gramling, 2024-11-14 Monolingualism is bad literature is good right For many of us monolingualism is associated with closed mindedness political nationalism and a general hostility to diverse knowledges and experiences of the world In contrast literature continues to stand allegedly un beholden as a symbolic beacon for expansive human expression and insight making meaning astride Earth s thousands of human languages But what if this division of virtue and vice isn t quite right leading us to overlook the uninterrupted historical and aesthetic collusion between political monolingualism and literary novels today What if novels made in a European mold tend to be much more indebted to monolingual structures ideologies and styles than their publishers and even their critics care to acknowledge Instead of whistling past such a discomfort Literature in Late Monolingualism recognizes it squarely detailing the important ways in which many authors of contemporary novels do so too As it turns out these authors and their novels tend to be far less skittish than their marketers are about the vast implications of monolingualism in literature literary critique and civic life Rather than rebuking monolingualism as a social vice or a personal shortcoming authors from China Mi ville to Dorthe Nors to Karin Tidbeck to Neal Stephenson investigate it dauntlessly aiming to show us in vivid terms how monolingualism is still often calling the shots in our globalized aesthetic and political cultures today

Together these might enable us to remain standing during the coming storm to develop a new awareness of ourselves and of the world and to imagine new ways of living in it Perhaps then it will be possible to regenerate life from the ruins creating new alliances in differing directions with ourselves and our inner nature between humans with other living beings and with the earth on which we dwell

Art and Idea in the Novels of China Miéville Carl Freedman, 2015-09-07 This book offers in the first six chapters critical readings of six novels by China Miéville which are followed in the seventh chapter by a theoretical meditation on some of the conceptual issues raised by and engaged in the Miéville oeuvre There comes a moment in *The City* the City though it is not necessarily the same moment for every reader when you realise that Beszel and Ul Qoma are not separate realms but the same space divided Likewise art and idea are often subject to absurd partition but then along comes an author such as China Miéville who shows them to be in truth indissoluble So argues Freedman's inordinately readable and just as rigorous account of Miéville's major novels Highly recommended Mark Bould University of the West of England Freedman offers a compelling interpretation of Miéville's novels informed equally by an impressive range of literary influences and a carefully documented exploration of historical antecedents Seeing Miéville's genre hybridity as an illustration of the power of dialectical thinking Freedman illuminates the complex utopian project of Miéville's fiction Freedman is one of our finest critical voices on Miéville one of the most important speculative writers of the 21st century Sherryl Vint University of California Riverside
