Confronting Challenges in English Language Teacher Education Salah Troudi, Omid Mazandarani, 2024-09-04. This edited volume presents an inter and multidisciplinary approach towards language teacher education confronting the issues that have continued to pervade the field for the last two decades. Featuring contributions from researchers and teacher educators located within a truly international spread of countries: Mexico, Palestine, Tunisia, Cyprus, and Kuwait, to name a few, chapters adopt an ecologically globalised approach to understand how English language teaching is theorised and practised in different educational contexts across the world. Research gathered from interviews, meta-analysis, and international case studies is showcased as chapters consider both pedagogical and online issues within, as well as critical approaches to language teacher education. Professional development and evaluation programmes across different educational contexts are discussed in depth, along with guidance and insights for the future of the field. The book will be of interest to scholars, researchers, and postgraduate students working in the fields of English language teacher education, TESOL, applied linguistics, continuing professional development.

Morphological Processing and Literacy Development Rachel Berthiaume, Daniel Daigle, Alain Desrochers, 2018-03-28. Synthesizing a range of studies on morphological processing from the past 30 years, this edited collection presents the current state of knowledge on morphological processing and defines classroom practices to help students conceptualise the role of morphology in reading, spelling, and vocabulary development. Research has increasingly indicated the importance of morphological tasks in relation to reading, spelling, and vocabulary acquisition in the classroom. Chapter authors present the theoretical considerations guiding morphological processing research to date, address the use of morphology with reference to different populations of learners, and propose effective and innovative instructional strategies for integrating morphology in the classroom.

The Routledge Handbook of Language Testing Glenn Fulcher, Luke Harding, 2021-12-15. This second edition of The Routledge Handbook of Language Testing provides an updated and comprehensive account of the area of language testing and assessment. The volume brings together 35 authoritative articles divided into ten sections written by 51 leading specialists from around the world. There are five entirely new chapters covering the four skills: reading, writing, listening, and speaking, as well as a new entry on corpus linguistics and language testing. The remaining 30 chapters have been revised often.

extensively or entirely rewritten with new authorship teams at the helm reflecting new generations of expertise in the field. With a dedicated section on technology in language testing reflecting current trends in the field, the Handbook also includes an extended epilogue written by Harding and Fulcher contemplating what has changed between the first and second editions and charting a trajectory for the field of language testing and assessment. Providing a basis for discussion, project work, and the design of both language tests themselves and related validation research, this Handbook represents an invaluable resource for students, researchers, and practitioners working in language testing and assessment and the wider field of language education.
