Heitzeg,2016-04-11 This book offers a research and comparison driven look at the school to prison pipeline its racial dynamics the connections to mass incarceration and our flawed educational climate and suggests practical remedies for change How is racism perpetuated by the education system particularly via the school to prison pipeline How is the school to prison pipeline intrinsically connected to the larger context of the prison industrial complex as well as the extensive and ongoing criminalization of youth of color This book uniquely describes the system of policies and practices that racialize criminalization by routing youth of color out of school and towards prison via the school to prison pipeline while simultaneously medicalizing white youth for comparable behaviors This work is the first to consider and link all of the research and data from a sociological perspective using this information to locate racism in our educational systems describe the rise of the so called prison industrial complex spotlight the concomitant expansion of the medical industrial complex as an alternative for controlling the white and well off both adult and juveniles and explore the significance of media in furthering the white racial frame that typically views people of color as criminals as an automatic response The author also examines the racial dynamics of the school to prison pipeline as documented by rates of suspension expulsion and referrals to legal systems and sheds light on the comparative dynamics of the related educational social control of white and middle class youth in the larger context of society as a whole Who's who in the West ,2000 **Who's Who of American Women, 1986-1987** Marquis Who's Who,1986-11 *F&S Index United States* ,1997 **Current Index to Journals in Education** ,1997-07 *Who's who in American Law* ,1998
