Build Your Author Platform Carole Jelen,Michael McCallister,2014-05-13 A great book is no longer enough An author platform is the most powerful key

to success in today's saturated market and increasingly publishers are demanding that new authors come to them with an existing audience of interested followers. Authors who are self-publishing have an even bigger need to build an engaged audience. Social media makes building the author platform easier than ever but unfortunately most authors struggle to get it right. How can authors create their unique platform, connect with followers, write a manuscript and grow their business? In *Build Your Author Platform: The New Rules*, top literary agent Carole Jelen and tech expert Michael McCallister apply their combined 35 years of expertise to outline 14 practical hands-on steps to create a presence that will produce high book sales and expanded audience. From pre-publication through book launch and beyond, authors will learn how to define goals and a unique brand, employ successful website strategies, content, social presence, media authority and training, secure positive reviews, attract viewers efficiently without cost. Filled with detailed lessons, examples, success stories and techniques used by marketing departments at major publishers, *Build Your Author Platform* is an indispensable guide for anyone looking for insight into publishing, promoting and marketing books.

Endless Money William Baker, 2009-10-13. A detailed look at how and why the American financial system has reached its current state. Today's economy and capital markets are faced with the long-term buildup of public and private credit. Furthermore, we face higher taxes, greater spending and more debt. We are now at a critical crossroads and our leaders have few realistic solutions. Proposals calling for tax reforms or fewer regulations have fallen on deaf ears. In fact, U.S. democracy has become more socialist and reform is needed immediately. *Endless Money* is an examination of how the U.S. government and the country's financial systems have embraced socialism and why cultural deterioration reinforces the trend and jeopardizes democracy. In it, author William Baker sees this socialism embodied in two things: the first is the socialization of income; the second is the socialization of credit. Explores the present socialistic qualities of the American government and its financial system. Looks back at how today's conditions relate not just to the Great Depression but ancient empires such as Rome. Calls for radical changes such as reduced regulatory power of the Federal Reserve, a considerable devaluation of the dollar in terms of gold and repeal of income tax. Includes a Web site devoted to book with recommendations, quotes from the financial community and think-tank contacts. Insightful and informative. *Endless Money* examines our current economic condition and describes what the United States can do to get back on the right economic track.

Dreamweaver 8 For Dummies Janine Warner, 2005-10-21. Showcases Dreamweaver 8's updated features while explaining how to develop site structures, design Web pages, set links, add multimedia, special effects and generate cross-browser code.
