The Expert versus the Object Ronald D. Spencer, 2004-04-01

The authenticity of visual art has always commanded the attention of experts dealers collectors and the art minded public Is it real or original is a way of asking what am I buying What do I own What am I looking at And today more sophisticated questions are being asked How is authenticity determined and what weight does this determination have in court This book of essays proposes to answer those questions Three lines of inquiry are basic to determining authenticity a connoisseur's evaluation historical documentation or provenance and scientific testing A connoisseur is an expert who evaluates the rightness of a work based on much careful scrutiny of many works by an artist and familiarity with that artist's usual manner of working with materials In determining provenance a researcher traces the physical object from the artist through a chain of ownership to the present owner simple enough in concept though it assumes that the documentation is not faked or inaccurate The goal is to ensure that the object is the same one that left the artist's hand Scientific testing although sometimes useful is often longer on promise than result Dating paint or wood samples for instance can show that a painting was made in Rembrandt's lifetime but it cannot prove that it is by Rembrandt's hand If expert opinion is divided and large sums of money are involved a dispute over authenticity may end up in a court of law where evaluation of expert opinion evidence can be problematic The essays in this book clarify the nature of the methods outlined above and explain based on case law the present status of authentication issues in court Contributors include experts from Christie's London Sotheby's New York and the former director of the Frick Collection as well as leading art historians and art dealers an art conservator a forensic graphologist a philanthropist and collector and a specialist in French art law Their collective knowledge on issues of authenticity will be invaluable for anyone interested in the world of visual art

Zhao Mengfu Shane McCausland, Mengfu Zhao, 2011-01-01

Zhao Mengfu has enormous significance for Chinese art history This work presents a new synthetic portrait of the artist's development from the 1280s to his death in 1322 and evaluates his pivotal role in the social political context in Yuan China as well as the development of the artist's self consciousness Shane McCausland's study features detailed interpretations of pictorial forms in light of historical changes and close readings of critical colophons many of which are appended to artworks but neglected as visual sources These readings are meant to stimulate visual analysis of the oeuvre as well as debate about the use of Tang 618-907 and other period modes as models for the Yuan renaissance The book challenges stereotypes portraying Zhao Mengfu as a traitor or careerist The historical background of dynastic change and Mongol rule is treated in a revisionist manner that aims to contextualize the traditional Chinese hostility towards Zhao Mengfu as a Yuan scholar official The concern here is for his development in the context of Mongol rule as a Chinese scholar artist This book will be a must for scholars curators and other specialists in Chinese painting and calligraphy especially those

focusing on Yuan dynasty and literati painting Shane McCausland is a lecturer in the history of Chinese art in the Department of Art and Archaeology at SOAS University of London
