

How to Calculate APS Score?

Calculating your APS score might not be as intimidating as it seems. Here is a breakdown of how you can determine your APS score.

- The total number you get in each subject ranges from 0 to 100.
- Each mark on the point score ranges from 1 to 7 (1 being lowest and 7 being highest. For instance, if you have received 45% in English, your marks on the point score will become 3.
- The total APS score is calculated by adding all the points (obtained) in your six compulsory Matric subjects. Please note that Life Orientation is not included in your APS score.

Now that you know how to calculate the APS score, let us understand the point allocation and what each mark signifies on the point scale.
