In the Company of Cars Dr Sarah Redshaw, 2012-10-01. It has long been accepted that the social and cultural meanings of the car far exceed the practical need for mobility. This book marks the first attempt to contribute to road safety considering in depth these meanings and the cultures of driving that are shaped by them. *In the Company of Cars* examines the perspectives that young people have on cars and explores the broader social and cultural meanings of the car, the potential it is supposed to fulfil, and the anticipated benefits it offers to young drivers. From focus group research conducted in Australia, the book takes up the views of young people on a range of topics from media to car use to gender performance. The author looks at the ways in which driving has been defined by articulations of the car that emphasize valued features of the car driver, such as gender, youthfulness, status, age, power, raciness, sexiness, ruggedness, and competitiveness. The book takes a global perspective on mobility, considering the impact of cars and road safety policy on quality of life and the value and significance of other modes of travel in a range of countries.

The Roadmap of Loss Liam Murphy, 2024-01-03. It's 1997 in Melbourne, Australia, and Mark Ward is struggling to make sense of the world following the sudden death of his mother. His father, Dylan, had abandoned him and his mother when Mark was still a child, and Mark has always believed he died in a car accident shortly afterwards. For most of his life, he has carried an unjustifiable sense of guilt about his father's absence overlaid with memories of him as a cruel and unloving man. Clearing out his mother's house, a bereft, rapidly deteriorating Mark is shocked to discover a collection of letters written to her by Dylan, some of which postdate his supposed death. Discussing life and love, fears and dreams set against the backdrop of his bohemian travels across the United States, Dylan's letters become beacons for Mark, who sees in them a final chance to achieve closure as well as his own redemption. With a burning suspicion that Dylan may still be out there, Mark decides to retrace the journey taken by his estranged father twenty years earlier. Moving through the country with only a beat-up car as company and the letters of a stranger for guidance, Mark is faced with the enormity and polarity of late-nineties America. Bouncing from one city and bizarre situation to the next, he encounters a tapestry of people along the way, many of them eccentric, some malign, some nurturing, others as lost as he is. Alone in a foreign land, the search for peace soon becomes a battle with loneliness, addiction, and nihilism as Mark begins to see in himself reflections of the father he grew up resenting. Raw and uncompromising, *The Roadmap of Loss* explores human fallibility and vulnerability, the courage of letting go of the past, and the power of forgiveness.
