Robert Sullivan, 2008-12-05 Some people are just naturally good at not getting rich They didn't buy Microsoft when a friend mentioned that he was helping start up a new software company They sold their apartment in Manhattan for a song in the seventies instinctively believing the real estate market would never ever come back These people have built in wealth prevention systems that steer them safely away from big money even in the most wealth rich intersections of their lives In this book Robert Sullivan an expert in the art of not getting rich and staying that way shows us some simple non time consuming ways to cultivate a basic day to day attitude that will lead to not getting rich as well as a few long term strategies that will help you stay that way For instance a good well rounded education is a must if you are planning on working your entire life and ending up with little or nothing Choose a field of study that will be personally rewarding but has no apparent application in the real world such as medieval literature or traditional music And by all means choose an investment strategy that will definitely not get you rich such as following the herd Along the way spend your money unwisely read novels and books a habit that will greatly aid you in your pursuit to not be rich marry for love and waste otherwise money making hours throwing a Frisbee in the park or even playing with your kids becoming the kind of role model that will never be featured on Forbes's list of the wealthiest people in the world Sharp funny and ultimately comforting How Not to Get Rich is a guide to happiness without wealth not that the author wouldn't mind a little wealth with his happiness How Not to Get Rich is probably not worth the price but what is **How to Get Rich Without Working** Edward Homer Bailey, 1903 **Trump:**

**How to Better Hate Your Job** Egbert Sukop, 2009-03-04. You hate the title I knew it. Of course you don't really hate your job. You are just not too pleased with certain individuals you have to work with, and you would change a few things if you were in charge. But you aren't in charge, and perhaps that is what you despise the most. Money we earn under someone else's rule while relinquishing our own individuality pays for a little bit of freedom later, and for benefits. Increasing seniority and benefits are the leash and collar that keep us from straying. Unpleasant job environments are realities of life and always will be. You, however, are responsible for your happiness all of it. Looking forward to retirement means your life sucks today. So change it. Employed or self-employed, whether you hate your work or not, you can claim a larger piece of freedom and individuality. Burn down your boredom, shock yourself out of silent suffering, and tear up the unwritten rules of subjugation. Discover new options so you can experience freedom and happiness. *Trade*, 1910.
