J. Mannex,1849 History, Directory, and Gazetteer, of the County Palatine of Lancaster Edward Baines,1825 **History, topography, and directory, of Westmorland; and of the hundreds of Lonsdale and Amounderness in Lancashire ... by Mannex & Co** ,1851 Sources for U.S. History W. B. Stephens,2003-01-30 This book offers a detailed and comprehensive guide to contemporary sources for research into the history of individual nineteenth century U S communities large and small The book is arranged topically covering demography ethnicity and race land use and settlement religion education politics and local government industry trade and transportation and poverty health and crime and thus will be of great use to those investigating particular historical themes at national state or regional level As well as examining a wide variety of types of primary sources published and unpublished quantitative and qualitative available for the study of many places the book also provides information on certain specific sources and some individual collections in particular those of the National Archives History, Gazetteer and Directory of the County of Derby, with the Town of Burton-upon-Trent, Staffordshire, Comprising a General Survey of the County White, Francis, & Co,1857 Nottinghamshire. History, directory and gazetteer of the county, and of the town and county of the town of Nottingham. To which is added, the history and directory of the port of Gainsborough White Francis and co,1864

History, Gazetteer, and Directory of the County of Derby Anonymous,2023-06-08 Reprint of the original first published in 1857 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost History and Economic Life Georg Christ,Philipp R. Rössner,2020-02-27 History and Economic Life offers students a wide ranging introduction to both quantitative and qualitative approaches to interpreting economic history sources from the Middle Ages to the Twentieth Century Having identified an ever widening gap between the use of qualitative sources by cultural historians and quantitative sources by economic historians the book aims to bridge the divide by making economic history sources more accessible to students and the wider public and highlighting the need for a

complementary rather than exclusive approach Divided into two parts the book begins by equipping students with a toolbox to approach economic history sources considering the range of sources that might be of use and introducing different ways of approaching them The second part consists of case studies that examine how economic historians use such sources helping readers to gain a sense of context and understanding of how these sources can be used The book thereby sheds light on important debates both within and beyond the field and highlights the benefits gained when combining qualitative and quantitative approaches to source analysis Introducing sources often avoided in culturally minded history or statistically minded economic history courses respectively and advocating a combined quantitative and qualitative approach it is an essential resource for students undertaking source analysis within the field Historical Behavioural Sciences H.
