Bride Ales and Penny Weddings R. A. Houston,2014-03-06 Some of the poorest regions of historic Britain had some of its most vibrant festivities Between the sixteenth and nineteenth centuries the peoples of northern England Lowland Scotland and Wales used extensive celebrations at events such as marriage along with reciprocal exchange of gifts to emote a sense of belonging to their locality Bride Ales and Penny Weddings looks at regionally distinctive practices of giving and receiving wedding gifts in order to understand social networks and community attitudes Examining a wide variety of sources over four centuries the volume examines contributory weddings where guests paid for their own entertainment and gave money to the couple to suggest a new view of the societies of middle Britain and re interpret social and cultural change across Britain These regions were not old fashioned as is commonly assumed but differently fashioned possessing social priorities that set them apart both from the south of England and from the Celtic fringe This volume is about informal communities of people whose aim was maintaining and enhancing social cohesion through sociability and reciprocity Communities relied on

negotiation compromise and agreement to create and re create consensus around more or less shared values expressed in traditions of hospitality and generosity Ranging across issues of trust and neighbourliness recreation and leisure eating and drinking order and authority personal lives and public attitudes R A Houston explores many areas of interest not only to social historians but also literary scholars of the British Isles **The American Catalogue** ,1905 American national trade bibliography **Wedding Clothes and the Osage Community** Daniel C.
