Wechsler,2017-09-29 In The Qualified Student Harold S Wechsler focuses on methods of student selection used by institutions of higher education in the United States More specifically he discusses the way that college and university reformers employed those methods to introduce higher education into a broader cross section of America by extending access to an increased number of students from nontraditional backgrounds Implicit in much of this book is an underlying social and ethical question How legitimate was and is higher education s regulation of social mobility Public concern over colleges and universities practices became inevitable once they became regulators between social classes The challenging of colleges admissions policies in the courts augments similar concerns that have been present in legislatures for decades The volume is divided into three main sections Prerequisites Columbia and the Selective Function and Implications It focuses mainly on four universities The University of Michigan Columbia University the University of Chicago and the City University of New York Wechsler maintains that unlike other universities these institutions were pacesetters they did not adopt a new policy simply because some other college had already adopted it A new introduction brings the book originally published in 1977 up to date and demonstrates its continuing importance in today s academic world of selective admissions *Information Assurance and Security Education and Training* Ronald C. Dodge,Lynn Futchter,2013-07-03 This book constitutes the refereed proceedings of the 8th IFIP WG 11 8 World Conference on Security Education WISE 8 held in Auckland New Zealand in July 2013 It also includes papers from WISE 6 held in Bento Gon alves Brazil in July 2009 and WISE 7 held in Lucerne Switzerland in June 2011 The 34 revised papers presented were carefully reviewed and selected for inclusion in this volume They represent a cross section of applicable research as well as case

studies in security education **Ambitious and Anxious** Yingyi Ma, 2020-02-18 Winner 2021 Best Book Award Comparative and International Education Society Higher Education Special Interest Group Winner 2021 Best Book Award Comparative and International Education Society Study Abroad and International Studies Special Interest Group Honorable Mention 2021 Pierre Bourdieu Award for the Best Book in Sociology of Education Section on the Sociology of Education American Sociological Association Over the past decade a wave of Chinese international undergraduate students mostly self funded has swept across American higher education From 2005 to 2015 undergraduate enrollment from China rose from under 10 000 to over 135 000 This privileged yet diverse group of young people from a changing China must navigate the complications and confusions of their formative years while bridging the two most powerful countries in the world How do these students come to study in the United States What does this experience mean to them What does American higher education need to know and do in order to continue attracting these students and to provide sufficient support for them In *Ambitious and Anxious* the sociologist Yingyi Ma offers a multifaceted analysis of this new wave of Chinese students based on research in both Chinese high schools and American higher education institutions Ma argues that these students experiences embody the duality of ambition and anxiety that arises from transformative social changes in China These students and their families have the ambition to navigate two very different educational systems and societies Yet the intricacy and pressure of these systems generate a great deal of anxiety from applying to colleges before arriving to studying and socializing on campus and to looking ahead upon graduation *Ambitious and Anxious* also considers policy implications for American colleges and universities including recruitment student experiences faculty support and career services **Shaping the Bar** Joan Howarth, 2022-12-13 The comprehensive source on attorney licensing and how to reform it In *Shaping the Bar* Joan Howarth describes how the twin gatekeepers of the legal profession law schools and licensers are failing the public Attorney licensing should be laser focused on readiness to practice law with the minimum competence of a new attorney According to Howarth requirements today are both too difficult and too easy Amid the crisis in unmet legal services record numbers of law school graduates disproportionately people of color are failing bar exams that are not meaningful tests of competence to practice At the same time after seven years of higher education hundreds of thousands of dollars of law school debt two months of cramming legal rules and success on a bar exam a candidate can be licensed to practice law without ever having been in a law office or even seen a lawyer with a client Howarth makes the case that the licensing rituals familiar to generations of lawyers unfocused law degrees and obsolete bar exams are protecting members of the profession more than the public Beyond explaining the failures of the current system this book presents the latest research on competent lawyering and examples of better approaches This book presents the path forward by means of licensing changes to protect the public while building an inclusive diverse competent ethical profession Thoughtful and engaging *Shaping the Bar* is both an authoritative account of attorney licensing and a pragmatic handbook for overdue equitable reform of a powerful profession

Universities Handbook ,2014 *Marginality in India* Kedilezo Kikhi,Dharma Rakshit Gautam,2023-01-09 The book takes a close look into the definitions and categorizations of marginality inequality agency and location in society It examines the systems of marginalization and othering by exploring perspectives of socially excluded people and communities in Northeast India The context of Northeast India provides unique perspectives on the debates around marginality due to the existence of multi ethnic cultures in the region and since its prolonged colonial historical experience alienated it from the rest of India This volume focuses on the issues pertaining to tribe caste gender identity religion and physical disability in the region It also looks at the roles which institutions education and the media play in the creation and perpetuation of social exclusion and the centre periphery binary With essays from eminent scholars and social scientists the book discusses themes such as citizenship and borders national and tribal identity the role of the law government and policies for countering exclusion and the challenges which socially excluded groups and communities face to gain agency autonomy and the right to equality This book will be useful for scholars and researchers of sociology Northeast India studies political sociology development studies political science gender studies and social anthropology **A Dubious Expediency** Gail Heriot,2021-05-25 This book offers eight clear sighted essays critical of racial diversity preferences in American higher education Unlike more conventional books on the subject which are essentially apologies for racial reverse discrimination this volume forthrightly exposes the corrosive effects of identity politics on college and university life The fact filled and hard hitting chapters are by Heather Mac Donald Peter N Kirsanow Peter W Wood Lance Izumi and Rowena Itchon John Ellis Carissa Mulder and the editors Gail Heriot and Maimon Schwarzschild *The Idea Factory* Jon Gertner,2013-02-26 The definitive history of America s greatest incubator of innovation and the birthplace of some of the 20th century s most influential technologies Filled with colorful characters and inspiring lessons The Idea Factory explores one of the most critical issues of our time What causes innovation Walter Isaacson The New York Times Book Review Compelling Gertner s book offers fascinating evidence for those seeking to understand how a society should best invest its research resources The Wall Street Journal From its beginnings in the 1920s until its demise in the 1980s Bell Labs officially the research and development wing of AT T was the biggest and arguably the best laboratory for new ideas in the world From the transistor to the laser from digital communications to cellular telephony it s hard to find an aspect of modern life that hasn t been touched by Bell Labs In The Idea Factory Jon Gertner traces the origins of some of the twentieth century s most important inventions and delivers a riveting and heretofore untold chapter of American history At its heart this is a story about the life and work of a small group of brilliant and eccentric men Mervin Kelly Bill Shockley Claude Shannon John Pierce and Bill Baker who spent their careers at Bell Labs Today when the drive to invent has become a mantra Bell Labs offers us a way to enrich our understanding of the challenges and solutions to technological innovation Here after all was where the foundational ideas on the management of innovation were born *Profiles of American Colleges Northeast* Barron's Educational
