**Creating a Comprehensive Trauma Center**

Mary Beth Williams,Lasse A. Nurmi,2013-03-09 Early Thoughts on Creating Comprehensive Trauma Centers This volume has been many years in writing When Dr Donald Meichenbaum first suggested it and I approached my coauthor Lasse Nurmi it did not seem to be as formidable a task as it has become Interviewing the centers in this book has taken years to get responses to summarize those responses and to return the summaries for further comment Many centers have been created in that time others have suspended operation This volume does not claim to present even a majority of those centers However the ones contained herein are representative of what is out there The idea to create a comprehensive trauma center is not new The initial section of this forward examines thoughts I proposed as part of my comprehensive examination for my doctorate Many of the ideas proposed then 1989 seem to fit now It is my dream to put them into practice someday in the future THE COMPREHENSIVE EXAMINATION QUESTION In 1989 one question on the written comprehensive examination questions for my doctorate was If you were to create a comprehensive trauma center in your suburban area making use of what you have learned in your doctoral experience describe the organization of that center the mission structure personnel funding objectives and services it would offer Some of the conclusions reached then now seem applicable to the task at hand design ing comprehensive trauma centers CTCs for the 21st century
