Law A Very Short Introduction:

Law Raymond Wacks, 2015 Law is at the heart of every society protecting rights imposing duties and establishing a framework for the conduct of almost all social political and economic activity Despite this the law often seems a highly technical perplexing mystery with its antiquated and often impenetrable jargon obsolete procedures and endless stream of complex statutes and legislation In this Very Short Introduction Raymond Wacks introduces the major branches of the law describing what lawyers do and how courts operate and considers the philosophy of law and its pursuit of justice freedom and equality In this second edition Wacks locates the discipline in our contemporary world considering the pressures of globalization and digitalisation and the nature of the law in our culture of threatened security and surveillance ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Law** Raymond Wacks, 2023 Law touches every aspect of our daily lives and yet the main concepts terms and processes of the legal system remain obscure to many This Very Short Introduction in its third edition provides a lucid accessible guide to modern legal systems considering a number of social and political events that have had an impact on the law **Philosophy of Law: A Very Short Introduction** Raymond Wacks, 2006-05-18 The concept of law lies at the heart of our social and political life shaping the character of our community and underlying issues from racism and abortion to human rights and international war But what actually is law A set of naturally occurring moral principles or simply rules agreed by a particular society What is a right and what rights should people actually have Is law really colour blind and gender blind Can the law truly tell us whether gay marriages are immoral what's wrong with racism or whether we should go to war Revealing the intriguing and challenging nature of legal philosophy with clarity and enthusiasm Raymond Wacks explores the notion of law and its role in our lives Referring to key thinkers from Aristotle to Rawls Bentham Dworkin H L A Hart and Derrida he looks at the central questions behind legal theory that have fascinated lawyers and philosophers and anyone who ever wondered about law's relation to justice morality and democracy ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **The Rule of Law** Aziz Z. Huq, Frank and Bernice J Greenberg Professor of Law Aziz Z Huq, 2024 This very short introduction sets out the origins and development of an English language debate centered around the phrase rule of law It aims to explore the distinctive ethical contribution offered by various thinkers to this specific phrase first theorized by the English scholar A V Dicey while largely setting aside how the same questions are framed and resolved in other traditions The book opens by canvassing the classical and early modern sources upon which

Dicey and his successors explicitly drew It then explores the idea of Dicey who it flags as the first self conscious theorist of the rule of law It then recounts his immediate successors These include a heterogenous range of thinkers such as Friedrich Hayek Lon Fuller Ronald Dworkin and Tom Bingham With this genealogy in hand the book then reflects the important question of why the rule of law in some version or other persists that is why do actors with the power to cast aside the rule of law not do so The book next turns to the ways in which the term rule of law has diffused across borders making it a geopolitical phenomenon Specifically the phrase was taken toward the end of the twentieth century across borders by actors as diverse as the World Bank Singapore and the Chinese Communist Party Finally the book closes by examining the way that the rule of law tradition can be challenged both as a matter of theory and practice

The Common Law: a Very Short Introduction Joshua Getzler, 2016-05-01 The common law began as England's national system of adjudication for correcting wrongs protecting rights and enforcing due administration of government in the Royal courts Its origins can be traced back to 11th century England and was soon exported to the rest of Britain and ultimately to the far flung reaches of the British Empire The common law has therefore enjoyed nearly a thousand years of development and elaboration in many lands influenced by but separate from the systems of continental Europe with its own distinctive procedures of pleading fact finding and remedies It developed laws that govern much of today's world of trade business and finance it defended ideas of personal liberty and equality before the law and it helped establish principles of constitutional legally limited government and administration Thus the common law provides an original and crucial strand in the history of social organization politics and culture around the world In this Very Short Introduction Joseph Getzler explains the evolution of the common law The main institutions of the common law are described courts procedures judges and juries and means of reporting analysing and learning the law and the main categories of common law rights and duties are delineated property contract and tort equitable claims unjust enrichment crime constitutional and public law and civil liberties

International Law Vaughan Lowe, 2015-11-26 Interest in international law has increased greatly over the past decade largely because of its central place in discussions such as the Iraq War and Guantanamo the World Trade Organisation the anti capitalist movement the Kyoto Convention on climate change and the apparent failure of the international system to deal with the situations in Palestine and Darfur and the plights of refugees and illegal immigrants around the world This Very Short Introduction explains what international law is what its role in international society is and how it operates Vaughan Lowe examines what international law can and cannot do and what it is and what it isn't doing to make the world a better place Focussing on the problems the world faces Lowe uses terrorism environmental change poverty and international violence to demonstrate the theories and practice of international law and how the principles can be used for international co operation

Human Rights: A Very Short Introduction Andrew Clapham, 2007-06-28 Today it is usually not long before a problem gets expressed as a human rights issue An appeal to human rights in the face of injustice can be a heartfelt and morally justified demand for some while

for others it remains merely an empty slogan Taking an international perspective and focusing on highly topical issues such as torture arbitrary detention privacy health and discrimination this Very Short Introduction will help readers to understand for themselves the controversies and complexities behind this vitally relevant issue Looking at the philosophical justification for rights the historical origins of human rights and how they are formed in law Andrew Clapham explains what our human rights actually are what they might be and where the human rights movement is heading ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *European Union Law: A Very Short Introduction* Anthony Arnall, 2017-05-18 The European Union is rarely out of the news and as it deals with the consequences of the Brexit vote and struggles to emerge from the eurozone crisis it faces difficult questions about its future In this debate the law has a central role to play whether the issue be the governance of the eurozone the internal market clawing back powers from Europe or reducing so called Brussels red tape In this Very Short Introduction Anthony Arnall looks at the laws and legal system of the European Union including EU courts and discusses the range of issues that the European Union has been given the power to regulate such as the free movement of goods and people He considers why an organisation based on international treaties has proved capable of having far reaching effects on both its Member States and on countries that lie beyond its borders and discusses how its law and legal system have proved remarkably effective in ensuring that Member States respect the commitments they made when they signed the Treaties Answering some of the key questions surrounding EU law such as what exactly it is about and how it has become part of the legal DNA of its Member States so much more effectively than other treaty based regimes Arnall considers the future for the European Union ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Medical Law: A Very Short Introduction Charles Foster, 2013-02-28 Medical law is concerned with our bodies and what happens to them during and after our lives When things go wrong with our bodies we want to know what our rights are and what governs the conduct of the clinicians into whose hands we put our lives and limbs Dealing with matters of life and death it can therefore have a fundamental impact on medical practice Headlines in the media often involve the core issues of medical law organ transplantation abortion withdrawal of treatment euthanasia confidentiality research on humans these are topics that affect us all Headlines can misrepresent however In order to fully understand the issues and their relevance we have to delve into the cases and into the principles behind them In this highly readable Very Short Introduction Charles Foster explores different examples to illustrate the key problems and principles of medical law ABOUT THE SERIES The Very Short

Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *Islamic Law* Mashood A. Baderin,2021 Islamic law is one of the major legal systems in the world today yet it is often misunderstood particularly in the West This book provides a critical overview of the theory scope and practice of Islamic law taking into account both classical and modern scholarly perspectives in examining the various facets of this key legal system Thinking Critically About Law Amy R Codling,2025-06-02 You arrive at university to embark upon your journey to think like a lawyer but is simply knowing the law enough to gain you the best marks What do you need to do exactly to achieve a first class law degree and promising professional career For top marks what do your lecturers mean when they say you need to deepen your critical analysis to answer assessment questions When should you put your own viewpoints forward When and how should you draw upon the work of others What do your examiners mean when they give you feedback saying that your work is too descriptive This book explores what it means to think critically and offers practical tips and advice for students to develop the process skill and ability of thinking critically while studying law as well as beyond that in the workplace The second edition of Thinking Critically About Law utilises art music poetry and prose to explore essential questions about studying law and what it means to think critically offering practical tips and advice for students looking to develop critical thinking skills in relation to law Updates reflect seismic changes that have taken place both in law teaching and in society more generally These include the Covid 19 pandemic social movements sparked by the murders of Sarah Everard and George Floyd moves to decolonise the law curriculum and the introduction of the SQE qualification There is also an innovative foreword by Professor Russell Sandberg a new chapter on the topic of how to think critically during discussions a new section on Thinking Critically About Law in the Future as well as a renewed emphasis on the health and well being of students Other student focused resources will be available as support materials Thinking Critically about Law is a crucial companion for those studying law at A Level and undergraduate level as well as being relevant to postgraduate students newly qualified lawyers and tutors of law Literature and Law Mark Fortier,2019-05-09 The fields of literature and law intersect in frequent and often surprising ways This clear and concise book offers an introduction to the area covering the history key thinkers and ideas as well as detailed and fascinating studies into areas such as evidence and truth inheritance sex vigilantism and justice Each chapter examines a number of familiar authors and texts including Shakespeare Brecht Austen Dickens Ishiguro Beecher Stowe Atwood Miller The book also opens up the broader study of law as it relates to culture in such areas as film television and digital media and how they affect such issues as a right to privacy copyright and creative reworking and censorship Mark Fortier offers a concise systemic introduction to the law and legal system for the lay person covering basic notions of justice and law fundamental justice natural law positive law and the legal system common law vs civil law case law statute

constitutional law private law tort contract property criminal law equity basic rules of evidence stare decisis the adversarial system as well as a very handy glossary of legal terms This is a fascinating guide to a very topical and increasingly relevant area of literary studies

The Rule of Law Under Fire? Raymond Wacks,2021-10-21 Does the rise of populism authoritarianism and nationalism threaten the welfare of the rule of law Is this fundamental democratic ideal under siege In this timely and important book Raymond Wacks examines the philosophical roots of the rule of law and its modern often contentious interpretation He then investigates 16 potential ideological economic legal and institutional dangers to the rule of law They range from the exercise of judicial and administrative discretion and parliamentary sovereignty to the growth of globalisation the war on terror and the disquieting power of Big Tech He also considers the enactment and enforcement in several countries of Draconian measures to curtail the spread of COVID 19 which has generated fears that these emergency powers may outlive the pandemic and become a permanent feature of the legal landscape thereby impairing the rule of law Wacks identifies which issues among this extensive array pose genuine risks to the rule of law and suggests how they might be confronted to ensure its defence and preservation

The Law and Medicine Robert Mark Jaggs-Fowler,2022-01-26 The work draws together a rich tapestry of material across many different disciplines covering the crucial relationship between medicine and law from the early apothecaries to the modern day general practitioner It presents an invaluable overview of the subject and offers vital background reading to anyone interested in medico legal medicine as well as providing a springboard for students of medicine and law interested in researching the field through its remarkable diversity of reference resources

Administrative Law Stephen Thomson,2025-11-27 This Very Short Introduction provides a clear and concise guide to administrative law explaining its key features in an accessible and practical way for students journalists government officials and everyday readers

Preface ;Privacy in peril ;An enduring value ;A legal right ;Privacy and freedom of expression ;Data protection ;The death of privacy? ;References ;Further reading ;Index Raymond Wacks,2015 What is privacy Why do we need it value it so much This introduction examines why privacy has become one of the most important topics in contemporary society Considering issues of privacy in relation to security the protection of personal data the paparazzi its implications are wide ranging affect us all

In Defense of Free Speech in Universities Amy T.Y. Lai, 2023-09-26 In this book Amy Lai examines the current free speech crisis in Western universities She studies the origin history and importance of freedom of speech in the university setting and addresses the relevance and pitfalls of political correctness and microaggressions on campuses where laws on harassment discrimination and hate speech are already in place along with other concepts that have gained currency in the free speech debate including deplatforming trigger warning and safe space Looking at numerous free speech disputes in the United Kingdom the United States and Canada the book argues for the equal application of the free speech principle to all expressions to facilitate respectful debates All in all it affirms that the right to free expression is a natural right essential to the pursuit of truth democratic governance and self development and this right is nowhere more important than in the university

Intellectual Property: A Very Short Introduction Siva Vaidhyanathan, 2017-02-09 We all create intellectual property We all use intellectual property Intellectual property is the most pervasive yet least understood way we regulate expression Despite its importance to so many aspects of the global economy and daily life intellectual property policy remains a confusing and arcane subject This engaging book clarifies both the basic terms and the major conflicts surrounding these fascinating areas of law offering a layman s introduction to copyright patents trademarks and other forms of knowledge falling under the purview of intellectual property rights Using vivid examples noted media expert Siva Vaidhyanathan illustrates the powers and limits of intellectual property distilling with grace and wit the complex tangle of laws policies and values governing the dissemination of ideas expressions inventions creativity and data collection in the modern world Vaidhyanathan explains that intellectual property exists as it does because powerful interests want it to exist The strongest economies in the world have a keen interest in embedding rigid methods of control and enforcement over emerging economies to preserve the huge economic interests linked to their copyright industries film music software and publishing For this reason the fight over the global standardization of intellectual property has become one of the most important sites of tension in North South global relations Through compelling case studies including those of Starbucks Coca Cola Sony Amazon and Google Books Vaidhyanathan shows that the modern intellectual property systems reflect three centuries of changes in politics economics technologies and social values Although it emerged from a desire to foster creativity while simultaneously protecting it intellectual property today has fundamentally shifted to a political dimension The

Modernization of the Western World John McGrath, Kathleen Callanan Martin, 2024-08-01 Covering Western history from the ancient world to the current era of globalization The Modernization of the Western World describes the forces of social change and what they have meant to the lives of the people caught up in them The volume presents the history of Western civilization from a historical sociology perspective introducing readers to the analyses of thinkers like mile Durkheim Karl Marx Adam Smith Ferdinand T nnies and Max Weber in order to provide tools for understanding how societies function and change This application of modernization theory argues not that what has happened in the West should or even must happen in non Western societies but that understanding modernization as a process of social change affords a better understanding of why and how life has changed over the past millennium The interactions of Western and non Western societies have had a profound effect on each other this is the story of the development of a truly global economy This new edition has been updated to include a final chapter which addresses recent developments economic disturbances in the global marketplace cyberwarfare and the rise of populist movements testing the relevance of classic modernization theory for today Featuring a glossary maps and illustrations boxed features and an extensive index this book will be of particular interest to students looking to understand world history as well as those interested in historical sociology and modernization theory

Law A Very Short Introduction Introduction

In the digital age, access to information has become easier than ever before. The ability to download Law A Very Short Introduction has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Law A Very Short Introduction has opened up a world of possibilities. Downloading Law A Very Short Introduction provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Law A Very Short Introduction has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Law A Very Short Introduction. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Law A Very Short Introduction. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Law A Very Short Introduction, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Law A Very Short Introduction has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of

continuous learning and intellectual growth.

FAQs About Law A Very Short Introduction Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Law A Very Short Introduction is one of the best book in our library for free trial. We provide copy of Law A Very Short Introduction in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Law A Very Short Introduction. Where to download Law A Very Short Introduction online for free? Are you looking for Law A Very Short Introduction PDF? This is definitely going to save you time and cash in something you should think about.
