Tad Stones, 2017-05-23. Mild-mannered Drake Mallard leads a pretty average life, relaxing at home, helping his daughter Goselyn with her homework and palling around with his best buddy Launchpad McQuack. But this suburban pastoral doesn't make for very exciting comics. Good thing Drake is secretly the daring duck of mystery, the crime-fighting powerhouse Darkwing Duck. Whew, for a moment there we were worried this would be the most boring solicitation copy in history. Darkwing Duck, alongside Launchpad Goselyn and their many allies, fought the forces of darkness in his beloved city of St. Canard for years, keeping the citizens safe from an endless supply of increasingly ridiculous supervillains. Then, just as suddenly as he appeared, Darkwing slipped into the shadows, not to be seen or heard from again. But what sinister scenario could send St. Canard's stalwart sentinel into seclusion? Just how safe was the city he left behind? And what's going on with the creepy robotic protectors? The mysterious Quackwerks Corporation has rolled out to take Darkwing's place. When the utopian shine begins to wear off, St. Canard will need her superhero once again, but is the Duck Knight ready to take on his most malevolent menace yet? Collecting the entire out-of-print and sold-out comic book series for the first time in one volume, this 400-page blockbuster is big enough to knock out a burglar. Although we ask you leave crimefighting to the professionals, completely remastered and revised, this titanic tome also features an all-new epilogue, making it without a doubt *The Definitively Dangerous Edition*. He is the terror that flaps in the night. He is the creased binding in this over 400-page keepsake edition of crime. He is Darkwing Duck. **Making Hard Choices in Journalism Ethics** David E. Boeyink, Sandra L. Borden, 2010-04-05. This book teaches students how to make the difficult ethical decisions that journalists routinely face. By taking a case-based approach, the authors argue that the best way to make an ethical decision is to look closely at a particular situation rather than looking first to an abstract set of ethical theories or principles. This book goes beyond the traditional approaches of many other journalism textbooks by using cases as the starting point for building ethical practices. Casuistry, the technical name of such a method, develops provisional guidelines from the bottom up by reasoning analogically from an easy ethical case, the paradigm, to harder ethical cases. Thoroughly grounded in actual experience, this method admits more nuanced judgments than most theoretical approaches. *Disney Darkwing Duck Volume 2: Crisis on Infinite Darkwings* Aaron Sparrow, 2015-04-21. Darkwing Duck is back, and back and back and back again as the city of St. Canard falls to an army of Darkwings led by the nefarious Negaduck and his new partner in crime, Magica de Spell. How can our hero hope to stop such malevolent machinations when he's Public Enemy Number One? And two and three? And what exactly is going on?

with St Canard's suddenly aggressive water supply Hop aboard for daring danger and deadly doppelgangers as Negaduck and Magica de Spell turn up the evil and tear off the knob
