## **Lds Conference Report 1929:**

We Believe Rulon T. Burton, 1994 What do Mormons believe For the first time a comprehensive reference work attempts to answer this question in an accessible and authoritative manner Almost nine hundred doctrines and principles of the Church have been uniquely set forth in this one volume work We Believe presents single sentence summaries of Mormon doctrine that crystallize Mormon beliefs in a convenient user friendly format much like the Articles of Faith but instead of 13 there are 898 Arranged under 94 topics ranging from Adversity to Zion and cross referenced these single sentence doctrinal statements make it possible to grasp specific Mormon beliefs in relation to one another and to the whole of Mormon doctrine Passages taken from official Church sources that establish Church doctrines accompany each single sentence doctrinal statement making We Believe as reliable as it is handy We Believe quotes only prophets and apostles One need not rely on one author's viewpoint alone or upon second hand sources We Believe provides the actual words of the ancient prophets of scripture and of the modern prophets and apostles that authoritatively establish each doctrine of the Church Jacket

Petrey, 2020-04-17 Taylor G Petrey's trenchant history takes a landmark step forward in documenting and theorizing about Latter day Saints LDS teachings on gender sexual difference and marriage Drawing on deep archival research Petrey situates LDS doctrines in gender theory and American religious history since World War II His challenging conclusion is that Mormonism is conflicted between ontologies of gender essentialism and gender fluidity illustrating a broader tension in the history of sexuality in modernity itself As Petrey details LDS leaders have embraced the idea of fixed identities representing a natural and divine order but their teachings also acknowledge that sexual difference is persistently contingent and unstable While queer theorists have built an ethics and politics based on celebrating such sexual fluidity LDS leaders view it as a source of anxiety and a tool for the shaping of a heterosexual social order Through public preaching and teaching the deployment of psychological approaches to cure homosexuality and political activism against equal rights for women and same sex marriage Mormon leaders hoped to manage sexuality and faith for those who have
