*E-Guide To The Employment of Foreign Manpower* Vincent Gabriel, 2014-07-14

The Singapore economy has undergone drastic changes There is less and less of the traditional activities A simple example is that Singapore has lost its place as the No 1 port yet Singapore remains a shipping and maritime hub Europeans find Singapore a convenient connection to the fast growing business opportunities of China and India and now Burma also called Myanmar India and Burma represent the new frontier opportunities What China was two decades ago of underpriced assets and a labour force willing to put in the effort Amidst this background the Singaporean worker Gen X vintage is rewarded according to his her performance The old cap on wages has been jettisoned The gap between the average high performer who earns 50 00 and the cleaner who earns 850 is too great to be acceptable Drastic steps are being taken to bring the definition of low wage to be not less than a 1 000 a month Creative steps are being undertaken by the government the labour movement and employees to train and to do whatever is needed to bring up and maintain that wage level This means that foreigners on work permits should not be brought in as they tend to cause wages to fall unless these foreigners earn at least 1 300 a month The relationship between foreigners on work passes and Singaporean workers at these entry levels is a love hate relationship On the one hand Singapore love to have maids FDWs marine contractors labourers healthcare workers but on the other hand the S pass holders the EP holders who compete with tertiary educated Singaporean at entry levels the relationship is not so receptive Young graduates must be given a chance to enter the workforce This book explains the

employment regulations of hiring foreign manpower in Singapore and teaches how you the employer can comply with the Singapore labour laws      Why People Get Sick Clive Tan, Putri Widi Saraswati, Eaint Thiri Thu, 2024-11-11 So much of health is rooted in what is collectively known as social determinants of health It means the conditions and environment in which people are born grow live interact work and age People with disadvantaged backgrounds often face barriers to good health This means they get sick more easily and it is harder for them to recover To build awareness and understanding of these issues and experiences this anthology of stories real relatable from Asia by Asia aims to make an impact that each story will be a discovery that they will move you as they illustrate how health inequities are shaped by a multitude of intersecting factors If you are wondering why people get sick and some more than others I invite you to pick up this book and welcome you to a journey of discovery      **Migration and Integration in Singapore** Yap Mui Teng, Gillian Koh, Debbie Soon, 2014-10-30 Between 2000 and 2010 Singapore witnessed a huge influx of foreign migrants The proportion of permanent residents in the total population increased from 7% to 11% while the share of non resident foreigners has risen from 19% to 25% This was as much the result of the spontaneous movement of labour to economic opportunities as it was of active policy direction by the Singapore government The social impact both beneficial and disruptive of this movement was felt at all levels of society and brought other attending public policy issues to the fore Taking a multi disciplinary approach with a focus on policy and practice this book examines the social economic and political issues that have arisen with the influx of foreigners in Singapore since the turn of the 21st century Drawing on empirical research it documents the impact of increasing levels of immigration and provides an analysis of the longer term implications of these trends with each chapter covering a different aspect of socio cultural political or economic outcome arising from intercultural contact and adaptation The contributors also provide policy suggestions to ensure Singapore continues to be a harmonious nation and a cosmopolitan and vibrant global city Migration and Integration in Singapore Policies and Practice will appeal to students and scholars of Southeast Asian studies migration and social policy as well as to practitioners and policy makers with an interest in migration in the region      Migrant Encounters Sara L. Friedman, Pardis Mahdavi, 2015-11-13 Migrant Encounters examines what happens when migrants across Asia encounter both the restrictions and opportunities presented by state actors and policies some that leave deep marks on migrants own life trajectories and others that produce fragmentary uneven traces With a focus on those who migrate to perform intimate labor domestic care and sex work or whose own intimate and familial lives are redefined through migration marriage and sometimes parenthood this volume argues that such encounters transform both migrants and the states between which they move Written by an international group of anthropologists sociologists and geographers these essays offer richly detailed and insightful accounts of the intimate consequences of migration and the transformative effects of migrant state encounters across Asia Addressing a range of topics from the fate of children born to unmarried migrant mothers to the everyday negotiations of cross border couples and

migrant domestic workers the contributors situate themselves at various points along the extensive migration routes that extend from northeast Asia all the way to the Gulf region The authors draw on ethnographic research and policy analysis to illustrate the texture of migrants interactions with state actors and forces From a range of perspectives they explore what these encounters teach us about migrant agency and the workings of state power in a region now rife with diverse forms of cross border mobility Contributors Heng Leng Chee Nicole Constable Sara L Friedman Hsiao Chuan Hsia Mark Johnson Hyun Mee Kim Pardis Mahdavi Filippo Osella Nobue Suzuki Christoph Wilcke Brenda S A Yeoh
