messages of civic festivals and religious feast days alike Spectacular Wealth highlights the conflicting agendas at work in the organization performance and publication of festivals Celebrants and writers in mining boomtowns presented themselves as far more than tributaries yielding mineral wealth to the Spanish and Portuguese empires using festivals to redefine their reputations and to celebrate their cultural spiritual and intellectual wealth *Ruth* Edward Fay Campbell, 2007 Ruth Volume 7 in the Anchor Bible Commentary series a tale of human kindness and just dealing far beyond the norm contains elements that for centuries have been the subject of debate With a sprightly translation and a commentary rich in informed speculation Professor Campbell considers the questions of layman and scholar alike Finding no overt mighty acts the layman asks Why was Ruth included in the Bible at all Where is God Professor Campbell shows that God is not only present throughout but is indeed the moving force behind all the developments of the story Naomi Ruth and Boaz each act as God to each other by taking extraordinary responsibility and performing extraordinary acts of kindness And it is God who is responsible for the series of coincidences on which the plot hinges The scholar's questions deal with such matters as purpose date and genre Professor Campbell's research into ancient customs and linguistics suggests to him that Ruth is a historical novelette entertaining and instructive composed not long after the reign of King David during the time of Solomon or within the subsequent century Professor Campbell demonstrates the storyteller's skill with sensitive analysis of form pacing and wordplay By delving into word origins and nuances he shows how convincingly the characters are developed One instance Naomi and Boaz use obsolescent language emphasizing the generation gap between them and Ruth In addition the illustrations help the reader understand unfamiliar elements of the story the setting the agricultural seasons and harvesting the clothing of the times the city gate where elders and interested villagers gather to make sure that all is done in a just and godly way

Meditation in Judaism, Christianity and Islam Halvor Eifring, 2013-10-24 Meditative practices have flourished in widely different parts of Eurasia yet historical research on such practices is limited Research to date has focused on contexts rather than actual practices and within individual traditions For the first time in one volume the meditative practices of the three traditions of Judaism Christianity and Islam are examined They are viewed in a global perspective considering both generic and historical connections to practices in other traditions particularly in India and East Asia Their cultural and historical peculiarities are examined comparing them both to each other and to Asian forms of meditation The book builds on a notion of meditation as self administered techniques for inner transformation a definition which focuses on transformative practice rather than notions of meditative states and mystical experiences It proposes ways of studying meditative practice historically and concludes with an essay on the modern scientific interest in meditation
