In Too Deep, and Other Short Stories Billy O'Callaghan, 2009 This is a new collection of short stories from the pen of one of Ireland's most talented emerging writers Billy O'Callaghan I read and re read on and on until the darkness settled thick enough around me that I could no longer see the large printed words on the gaudily illustrated pages and then I clambered from the attic and threw myself into the story again while seated beside the fire The wind carved elegiac plunder in the chimney and every banshee wail exploded awake a freshly forgotten colour in my mind Children see the world in different lights the brilliance of which is far too easily given up This time discovering them anew I held fast and determined that I'd never again let go With its stories of lost love and shared secrets tender moments and little victories **In Too Deep** is a wonderful follow up to Billy's collection **In Exile**

Education in an Age of Lies and Fake News Jānis (John) Tālivaldis Ozoliņš, 2021-09-05 The post truth world in which we live has been beset by fake news lies and a cavalier disregard for truth If truth is neglected then an alternative is an appeal to the emotions in order to validate a particular position which can quickly turn to the use of power to impose a particular view The loss of truth results in the loss of freedom This book contends that if we want to preserve our freedom then we have a serious obligation to pursue truth One way to do this is through an adequate moral education Education in an Age of Lies and Fake News Regaining a Love of Truth makes an argument for the importance of truth It explores how we can retrieve the concept of truth and how moral education can be deployed in order to re establish a commitment to truth It introduces Eastern perspectives on the question of truth and how we view reality and presents a realist position on the nature of truth as a counter to scepticism drawing on Augustine and Thomas Aquinas amongst others Further the chapters are mindful of the significance of developing a pedagogy which not only enables students to be critical thinkers but to foster a genuine concern for truth and for its pursuit This book will be essential reading for students educators philosophers and researchers pursuing the question of truth in the modern age
