

Installation

This section describes how to connect the system to a TV monitor with audio/video input jacks. You cannot connect this system to a TV monitor which does not have a video input connector. Be sure to turn off the power of each component before making the connections.

Unpacking

Check that you have the following items:

- Main unit (1).
- Remote control (1).
- Audio/Video cable (4 feet x 1).
- Owner's Manual (1).

Protect Your Furniture

This model is equipped with non-skid rubber 'feet' to prevent the product from moving when you operate the controls. These 'feet' are made from non-migrating rubber material specially formulated to avoid leaving any marks or stains on your furniture. However certain types of oil based furniture polishes, wood preservatives, or cleaning sprays may cause the rubber 'feet' to soften, and leave marks or a rubber residue on the furniture. To prevent any damage to your furniture we strongly recommend that you purchase small self-adhesive felt pads, available at hardware stores and home improvement centers everywhere, and apply these pads to the bottom of the rubber 'feet' before you place the product on fine wooden furniture.

Battery installation (Remote Control)

The remote control requires one "button-type" 3-volt lithium battery, included. To extend the life of the original battery we have inserted a small clear plastic spacer tab between the lithium battery and the battery terminal.

You must remove this battery spacer tab before you can use the remote control.

To remove the tab, pull it in the direction of the arrow in the illustration as shown.

When the operation of the remote control becomes intermittent or unsatisfactory, replace the original battery with a new 3-volt lithium battery.

The battery number is (CR2025) or equivalent.

To replace the battery, remove the screw at the back of the remote control with an appropriate screwdriver and open the battery cover.

Remove the original battery from the battery compartment and install a new (CR2025) battery with the "+" side facing up as shown in the illustration. Then put the battery cover and screw back to its original place.

CAUTION: Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type.

Dispose of the original battery properly. It should not be thrown into a fire as the battery may explode if incinerated. It should not be left around where small children or pets might play with, or swallow it. If the battery is accidentally swallowed, contact a physician immediately.

California Use Only:

The Perchlorate warning applies only to primary CR(Manganese Dioxide) Lithium coin cells sold or distributed ONLY in California, USA. "Perchlorate Material-special handling may apply." See
