*Directory of Corporate Counsel, 2025 Edition* In house, *Directory of Corporate Counsel, Spring 2024 Edition*, **Hidden Fields** Charles Ford, 2009-02. In Hidden Fields choices are further examined with respect to various themes. Charles Ford introduces another concept about choices: there are internal choices and external ones. Now in the general sense choices are seen as external state of affairs and are associated with our bodies such as an individual act or behavior so one sees the manifested action. The internal choices stem from our various selves: choices that are made by our souls and spirits and our feeling and reasoning respectively. The individual has to think or feel before he/she acts. Charles believes ultimately both internal and external choices need to be in harmony with each other so better choices can be seen in an individual's life. Charles continues to write and strives for excellence in all his poems. He invites the readers into his presence to share and exchange of thoughts and views about life experiences. All readers can be at home with him from simple to complex truths and philosophies about life. Charles wants the readers to discover something about their selves as they read his poems for as human beings we are more similar than difference in our choices. It does not matter what race, culture, or sex differences we have. We are still human beings for we all think, sleep, and dream. And can truly make better choices. Charles hopes all readers can clearly see this in his poems.
