

Class: Microbiology

What were the conditions that allowed life to arise on earth?

Activity 3

Imagine you are a bacterium that is growing in a petri dish. What would the conditions have to be for you to survive? What would the conditions have to be for you to die? What would the conditions have to be for you to reproduce? What would the conditions have to be for you to evolve? What would the conditions have to be for you to be a part of a community? What would the conditions have to be for you to be a part of an ecosystem? What would the conditions have to be for you to be a part of a biosphere? What would the conditions have to be for you to be a part of the universe? What would the conditions have to be for you to be a part of the multiverse? What would the conditions have to be for you to be a part of the omniverse? What would the conditions have to be for you to be a part of the universe?
