*Investor Relations and ESG Reporting in a Regulatory Perspective* Poul Lykkesfeldt, Laurits Louis Kjaergaard, 2022-08-15  
Investor Relations and ESG Reporting in a Regulatory Perspective is a comprehensive and detailed practical guide for financial market participants focusing on the stock market written for practitioners by practitioners. The main themes of the book include the challenging integration of investor relations IR and the non financial reporting of environmental social and governance ESG. Further the book provides a comprehensive overview of the complex regulatory framework of the European Union EU related to the financial markets including the expected global trends in this area. This includes financial legislation such as MiFID II MiFIR and MAR along with non financial legislation like the EU's taxonomy CSRD and SFDR. In addition this book explores the non financial reporting standards of GRI TCFD CDSB IBC SASB IRRS and the upcoming ISSB and discusses the UN's Sustainable Development Goals SDGs. In addition the book provides a practical guide regarding IR in special situations e.g. in connection with takeover response manuals. Many professionals working in the fields of IR ESG and communications institutional and retail investors private equity executives venture capitalists investment bankers legal practitioners accountants and auditors financial journalists and politicians. Finally university and business students may benefit from an insight into the dynamics of the financial markets and the direction they are moving a possible inspiration for choosing a future career.

*How to Write Technical and Scientific Reports* Heike Hering, 2025-05-01  
*How to Write Technical and Scientific Reports* This textbook introduces all important and necessary knowledge to create written reports or oral presentations about STEM and engineering topics in a professional and efficient manner. By showing example structures and right/wrong comparisons you will get many practical hints on how to design your own report. The examples are mostly derived from works written by the authors and therefore they often deal with mechanical engineering topics. There are different sections about frequent mistakes in Technical and Scientific Reports the use of word processors and tools for creating presentations the design of figures and tables as well as the oral presentation of the Technical or Scientific Report also as a short statement. In this 3rd edition all texts were revised and updated the sections with references were updated the glossary and index were expanded and Springer Nature SN Flashcards were added to help you to remember the introduced knowledge and to create Technical and Scientific Reports even more efficiently. Test your knowledge with questions and answers about the book with Springer Nature Flashcards.
