Writing and Reading the Scroll of Isaiah, Volume 2 Craig C. Broyles, Craig A. Evans, 2014-09-03 The second part of a 2 volume work this study combines recent approaches that treat the formation and early interpretation of the final

form of the book of Isaiah with the more conventional historical critical methods that treat the use of traditions by Isaiah's authors and editors. Studies investigate Isaiah's use of early sacred tradition, the editing and contextualization of oracles within the Isaianic tradition itself and the interpretation of the book of Isaiah in later traditions as seen in the various versions of the text and various communities. Contributors of this volume include virtually all of the major scholars of Isaiah and the leading scholars of biblical interpretation in the intertestamental New Testament and early Jewish periods.

Josua und Salomo Christa Schäfer-Lichtenberger, 2014-09-03 Josua und Salomo puts forward the thesis that the literary figure of the successor was created by circles who strongly relied on the book of Deuteronomy. In order to construct the ideal of a successor they used the characters of Joshua and Solomon and implemented the results of their theological reflection which were unleashed by the complete destruction of the pre-exilic political, social and religious organization of the nation. The figure of Joshua combines all the traits of their theological conception of an ideal political leader, whereas the figure of Solomon demonstrates the dangers which are implied in monarchical succession. From the theological perspective of deuteronomism, Solomon and Joshua are opposite characters. The deuteronomic concepts of God and authority play a central role for the reflection on both characters.

Raised from the Dead According to Scripture Lidija Novakovic, 2014-05-29 The New Testament writings allow only limited access to the interpretative traditions that lie beneath the claim that Jesus' resurrection took place according to Scripture. This book investigates the underlying principles of scriptural arguments in relation to Jesus' resurrection and the unstated interpretative moves that govern the selection and combination of texts relating to it. Novakovic's working hypothesis is that the Davidic tradition supplied the primary scriptural categories for the claim that Jesus was raised from the dead according to Scripture. This tradition was appropriated through two major thematic trajectories: resurrection as the fulfillment of Davidic promises and resurrection as the messianic enthronement. We can also identify several related thematic trajectories such as the concept of the resurrection as the beginning of the new creation, resurrection as the prophetic authentication and resurrection as the messianic rebuilding of the temple. Each thematic block is based on a specific use of Scripture for the purpose of explaining the significance of Jesus' resurrection.

Jesus the Seer Ben Witherington (III), 2014-10 Increasingly, scholars recognize that prophetic traditions, expressions and experiences

stand at the heart of most religions in the ancient Mediterranean world This is no less true for the world of Judaism and Jesus Ben Witherington III offers an extensive cross cultural survey of the broader expressions of prophecy in its ancient Mediterranean context beginning with Mari moving to biblical figures not often regarded as prophets Balaam Deborah Moses and Aaron and to the apocalyptic seer in postexilic prophecy showing that no single pattern describes all prophetic figures The consequence is that different aspects of Jesus activity touch upon prophetic predecessors his miracles on Elijah and Elisha his self understanding as the Son of Man on Daniel and 1 Enoch his warnings of woe and judgment on the writing prophets in Judean tradition and his messianic entry into Jerusalem on Zechariah 9 Witherington also surveys the phenomenon of apocalyptic prophecy in early Christianity including Paul Revelation the Didache Hermas and the Montanist movement Jesus the Seer is a worthy complement to Witherington's other volume on Jesus Jesus the Sage Fortress Press 2000

Changing Perspectives 1
John Van Setters, 2014-10-03. The volume brings together forty years of agenda setting scholarship in Israelite and Judean history. The historical essays gathered here were among the first to raise serious questions about the patriarchal age, the exodus from Egypt and the conquest of Canaan and the temple of Solomon. The literary essays on the Pentateuch challenged both the classical Documentary Hypothesis and the more recent modifications that support the notion of an extensive Deuteronomistic redaction of the Pentateuch. The final set of essays examines biblical notions of patriarchal religion, myths of human origin and the legendary origins of Passover within a broad comparative context.
