Janna Bianchini Barbara Boloix Gallardo Cristina Catalina Francisco Garcia Fitz Francisco Garcia Serrano Edward L Holt Kyle C Lincoln Miriam Shadis and Teresa Witcombe Marie of France Theodore Evergates, 2019-01-04 Countess Marie of Champagne is primarily known today as the daughter of Louis VII of France and Eleanor of Aquitaine and as a literary patron of Chr tien de Troyes In this engaging biography Theodore Evergates offers a more rounded view of Marie as a successful ruler of one of the wealthiest and most vibrant principalities in medieval France From the age of thirty four until her death Marie ruled almost continuously initially for her husband Henry the Liberal during his journey to Jerusalem then for her underage son Henry II and after his majority during his absence on the Third Crusade and extended residence in the Levant Presiding at the High Court of Champagne and attending to the many practical duties of governance Marie acted with the advice of her court officers but without limitation by either the king or a regency council If Henry the Liberal created the county of Champagne as a dynamic and prosperous state it was Marie who expertly preserved and sustained it Evergates mines Marie s letters patent and the literary and religious texts associated with her to glean a fuller picture of her life and work He situates Marie within the regional institutions and external events that influenced her life as well as within her extended families of royal half siblings including King Philip II of France and her Plantagenet brothers and her many in laws including the queen mother Adele and Archbishop William of Reims Those who knew Marie best describe her as determined gracious and pious as well as an effective ruler in the face of several external threats **A Companion to Catherine of Siena** Carolyn Muessig, George Ferzoco, Beverly Kienzle, 2011-11-25 This volume written by experts on Catherine of Siena considers her as a church reformer peacemaker preacher author holy woman stigmatic saint and politically astute person The manuscript tradition of works by and about her are also studied Women Preachers and Prophets through Two Millennia of Christianity Beverly Mayne Kienzle, Pamela J. Smith,2015-02-02 This book surveys our understanding of stars which change in brightness because they pulsate Pulsating variable stars are keys to distance scales inside and beyond the Milky Way galaxy They test our understanding not only of stellar pulsation theory but also of stellar structure and evolution theory Moreover pulsating stars are important probes of the formation and evolution of our own and neighboring galaxies Our understanding of pulsating stars has greatly increased in recent years as large scale surveys of pulsating stars in the Milky Way and other Local Group galaxies have provided a wealth of new observations and as space based instruments have studied particular pulsating stars in unprecedented detail Undergraduate Courses of Study University of Pennsylvania,1918 **Giotto and His Publics** Julian Gardner,2011-05-15 This probing analysis of three of Giotto s major works and the patrons who commissioned them goes beyond the clich s of Giotto as the founding figure of Western painting It traces the interactions between Franciscan friars and powerful bankers and illuminates the complex interactions between mercantile wealth and the iconography of poverty **Spiritual Grammar** F. Dominic Longo,2017-07-11 Spiritual Grammar identifies a genre of religious literature that until now has not been recognized as such In this surprising and theoretically nuanced study F Dominic Longo reveals how grammatical structures of language addressed in two medieval texts published nearly four centuries apart from distinct religious traditions offer a metaphor for how the self is embedded in spiritual reality Reading The Grammar of Hearts Nahw al qul b by the great Sufi shaykh and Islamic scholar Abd al Kar m al Qushayr d 1074 and Moralized Grammar Donatus moralizatus by Christian theologian Jean Gerson d 1429 Longo reveals how both authors use the rules of language and syntax to advance their pastoral goals Indeed grammar provides the two masters with a fresh way of explaining spiritual reality to their pupils and to discipline the souls of their readers in the hopes that their writings would make others adept in the grammar of the heart **Preaching the Crusades to the Eastern Mediterranean** Constantinos Georgiou,2018-03-05 Preaching was an integral part of the crusade movement This book focuses on the efforts of the first four Avignon popes to organize crusade preaching campaigns to the Eastern Mediterranean and on the role of the secular and regular clergy in their implementation Historians have treated the fall of Acre in 1291 as an arbitrary boundary in crusader studies for far too long The period 1305 1352 was particularly significant for crusade preaching yet it has not been studied in detail This volume thus constitutes an important addition to the flourishing field of late medieval crusade historiography The core of the book deals with two interlocking themes the liturgy for the Holy Land and the popular response to crusade preaching between the papacies of Clement V and Clement VI The book analyses the evolving use of the liturgy for the crusade in combination with preaching and it illustrates the catalytic role of these measures in driving popular

pro crusade sentiments A key theme in the account is the analysis of the surviving crusade sermons of the Parisian theologians from the era Critical editions of these previously neglected propagandistic texts are a valuable addition to our corpus of papal correspondence relating to the crusades in the later Middle Ages This book will be of interest both to specialized historians and to students of late medieval crusading
