The Million-Dollar Man Who Helped Kill a President Christopher McIlwain, 2018-07-19 George Washington Gayle is not a name known to history But it soon will be Forget what you thought you knew about why Abraham Lincoln was assassinated by John Wilkes Booth No it was not mere sectional hatred Booth s desire to become famous Lincoln s advocacy of black suffrage or a plot masterminded by Jefferson Davis to win the war by crippling the Federal government Christopher Lyle McIlwain Sr s Untried and Unpunished George Washington Gayle and the Assassination of Abraham Lincoln exposes the fallacies regarding each of those theories and reveals both the mastermind behind the plot and its true motivation The deadly scheme to kill Lincoln Vice President Andrew Johnson and Secretary of State William Seward was Gayle s brainchild The assassins were motivated by money Gayle raised Lots of money 20 000 000 in today s value Gayle a prominent South Carolina born Alabama lawyer had been a Unionist and Jacksonian Democrat before walking the road of radicalization following the admission of California as a free state in 1850 Thereafter he became Alabama s most earnest secessionist though he would never hold any position within the Confederate government or serve in its military After the slaying of the president Gayle was arrested and taken to Washington DC in chains to be tried by a military tribunal for conspiracy in connection with the horrendous crimes The Northern press was satisfied Gayle was behind the deed especially when it was discovered he had placed an advertisement in a newspaper the previous December soliciting donations to pay the assassins There is little doubt that if Gayle had been tried he would have been convicted and executed However he not only avoided trial but ultimately escaped punishment of any kind for reasons that will surprise readers Rather than rehashing what scores of books have already alleged Untried and Unpunished offers a completely fresh premise meticulous analysis and stunning conclusions based upon years of firsthand

The Assassination of Abraham Lincoln Carl R. Boyd, 2011-12-07

The assassination of Abraham Lincoln changed the course of American history. Every school child knows that President Lincoln was shot by John Wilkes Booth, an actor, at Ford's Theatre. But it seems no one is taught that this assassination was a true conspiracy. The initial plan of Booth and his co-conspirators was to kidnap Lincoln, but the plan was then changed to the simultaneous murder of the President, Vice President, and Secretary of State. Few people know that eight people were tried by the United States government, found guilty, and four of them were subsequently executed for conspiring to assassinate the President of the United States. Dr. Boyd tells the story of a nation struggling over the question of slavery, Lincoln's election, the major events of the Civil War, and the conspiracy to assassinate one of the most beloved Presidents of the United States. Much more a narrative than an historical treatise, his concise style and the incredible story, illustrated with images of the people involved, captivate readers from start to finish. Every American who reads this book will be surprised by what their teachers did not reveal about Lincoln's assassination. The book is a must-read for those interested in the Civil War and for anyone who admires Abraham Lincoln.
