

Daily 5 in Kindergarten

Day 1	Launching Read to Self: Introduce 3 Ways to Read a book Show poster(cover up third way) I read the book. We look and read the pictures together.	I read the <u>Kissing Hand</u> by Audrey Penn
Day 2	Ask students to tell you about the 2 ways to read a book. (Reading the words, Reading the pictures) Now we will learn the 3 rd way. - Retelling a story. Uncover the 3 rd way to read a book and put the poster up in your room.	We retell the <u>Kissing Hand</u> By Audrey Penn Make sure to have book boxes ready for Day 3.
Day 3	Go over 3 ways to read poster. Talk about stamina and what it means. Practice building stamina after reading the story. Introduce "good spots" where they will go read. Introduce The special sound they will hear when they should Stop. Practice for 1 minute. Fill out stamina graph.	I read <u>Dex, the heart of a hero</u> by Carolyn & Mark Buehner
Day 4	Discuss stamina graph and what it means & the 3 ways to read. Tell them we are going to add minutes to our stamina graph but first we are going to talk about our jobs we have as student & teacher. We fill out an I chart for Read to Self. We discuss the right way and the wrong way.	After I chart read <u>Reading Makes You Feel Good</u> , add to chart why we read.
Day 5	Review I chart, review what to do and what not to do, and review 3 Ways to Read. Show students graph and challenge students to add more minutes to their stamina graph.	Fill out stamina graph.

Kindergarten Daily Five:

The Daily 5 Gail Boushey, Joan Moser, 2014 The Daily 5 Second Edition retains the core literacy components that made the first edition one of the most widely read books in education and enhances these practices based on years of further experience in classrooms and compelling new brain research The Daily 5 provides a way for any teacher to structure literacy and now math time to increase student independence and allow for individualized attention in small groups and one on one Teachers and schools implementing the Daily 5 will do the following Spend less time on classroom management and more time teaching Help students develop independence stamina and accountability Provide students with abundant time for practicing reading writing and math Increase the time teachers spend with students one on one and in small groups Improve schoolwide achievement and success in literacy and math The Daily 5 Second Edition gives teachers everything they need to launch and sustain the Daily 5 including materials and setup model behaviors detailed lesson plans specific tips for implementing each component and solutions to common challenges By following this simple and proven structure teachers can move from a harried classroom toward one that hums with productive and engaged learners What's new in the second edition Detailed launch plans for the first three weeks Full color photos figures and charts Increased flexibility regarding when and how to introduce each Daily 5 choice New chapter on differentiating instruction by age and stamina Ideas about how to integrate the Daily 5 with the CAFE assessment system New chapter on the Math Daily 3 structure

The Daily 5
Gail Boushey, Joan Moser, 2006 Do you love teaching but feel exhausted from the energy you expend cajoling disciplining and directing students on a daily basis Are you questioning the value of busy work but afraid that ceasing from such activities will lead to chaos in the classroom Have you heard the phrase work smarter not harder but don't have a clue how to start If so you'll want to meet The Sisters Gail Boushey and Joan Moser They set about designing a structure that would ensure all children were working at their level of challenge while taking responsibility for their learning and behaviour and that would provide meaningful instruction blocks without extensive preparation time for teachers Thus the Daily Five was born Based on literacy learning and motivation research the Daily Five has been practiced and refined in their own classrooms for 10 years and shared with thousands of teachers throughout the United States The Daily Five is a series of literacy tasks reading to self reading with someone writing word work and listening to reading which students complete daily while the teacher meets with small groups or confers with individuals

Daily Five's Impact on Early Literacy Skills Abigail Reba Masten, 2013 The purpose of this study was to see if the Daily 5 literacy block structure had any impact on literacy scores among kindergarten students specifically on letter naming letter sounds and sight words The author's current year kindergarten class of 16 students participated in the Daily 5 method Results were compared with the author's previous year's kindergarten class of 13 students who participated instead in a basal reading block framework from the Literacy By Design series The study took place in a small rural Minnesota elementary school The assessment data collected was administered by the teacher using

alphabet flashcards shown individually to each child Growth data was collected and compared over a quarter of the school years The author concluded that the Daily 5 group had a slightly higher level of mastery over letter naming letter sounds and sight words The author also noted that students succeeded at working independently with the Daily 5 method The Japan Daily Mail ,1907 **Special Report by the Bureau of Education** United States. Bureau of Education,1886 The School Magazine ,1928 Getting to the Common Core Sharon L. Spencer,Sandra Vavra,2015-01-01 The Common Core Standards have recently been adopted in most states across the nation and teachers are in the process of getting to the core of these standards Teaching to standards is not a new concept teachers have adapted to new standards every few years for quite some time And teachers are adaptable as can be seen in this book We are writing this book to demonstrate how teachers use research based strategies to meet Common Core Standards while still focusing on students Our goal is to help teachers visualize students in action as other teachers describe the implementation of research based strategies in their own classrooms show student work samples and provide reflections of student success in achieving the standards Many Common Core Standards books focus on the standards but our approach focuses on strategies that engage the students in the classroom showing how different teachers at varying grade levels have used the strategies to meet the standards With this focus we believe that teachers gain a new and positive perspective on approaching the new standards and see the flexibility of strategies for meeting standards across subject areas We have examined research on the strategies with the purpose of giving teachers a brief description of why these strategies work before giving actual examples from classrooms We also work closely with teachers in the public schools and have our finger on the pulse of what is happening in the public schools one of the current stressors being unpacking the Common Core Standards This book actually focuses on practice We begin by laying out a rationale in our first chapter The Core Value s of Education Then each chapter focuses on a strategy including 1 a brief description about the research supporting each strategy and 2 several examples from different grade levels which include a description of how the strategy was used student work samples and a reflection on the use of the strategy The research descriptions are fairly short because while we believe professional educators aka teachers in this case should know the research that supports practice we know they are not typically interested in long diatribes about the research

Directory of Social Agencies of the City of New York ,1895 **Report** District of Columbia. Board of Education,1929

Teachers Teaching Teachers How teacher learning improves student learning Jake Madden,2017-06-21 From Jake Madden education s doyen in whole of school improvement comes a book that showcases the power of teachers engaging in research to improve teaching practice Teachers Teaching Teachers showcases an evidence based approach to improving the teaching performance of teachers through the Teacher as Researcher premise This teacher professional learning premise involves every teacher in a school undertaking a personal inquiry project within their classroom The central message is that when learning opportunities for the teacher are made meaningful and relevant teaching improvement occurs

Madden and his fellow chapter authors provide an account of how embedded personalized professional learning opportunities the engagement of school based action research and the ongoing collaboration of expert teachers is offering schools a new path for supporting and enabling school reform This book is a must read for those interested in improving education
