

The Kinetico Drinking Water System Plus VX, GX

Owner's Manual¹

Congratulations for choosing Kinetico to improve the quality of your water. You will immediately begin to notice the numerous benefits of having quality water throughout your home and the benefits of having a Kinetico Quality Water System.

Since 1970, Kinetico Incorporated has designed and manufactured products to improve the quality of your water. Kinetico offers a complete line of quality water systems to solve your water problems. Pioneers in non-electric, demand operated water treatment, Kinetico continually sets the direction for the entire water quality industry.

The Kinetico Drinking Water System

Water is the most important liquid in the world. And although the water you use for drinking and cooking constitutes less than one percent of all water used in the home, its quality is probably most important to you.

Experts suggest you drink approximately eight, eight-ounce glasses of water per day. Now that you have a Kinetico Drinking Water System, you can rest assured you're drinking clean, high quality water. And it will taste great too. With a Kinetico System, drinking those eight glasses of water will be a pleasure, not a chore.

How To Use High Quality Drinking Water

Since Kinetico Drinking Water Systems significantly reduce heavy metals (such as lead), chemicals, minerals, and unpleasant tastes and odors in your water², you may have to make some adjustments when using Kinetico Water for cooking.

1. Let your taste buds decide how much water to use.

When mixing concentrated juices and drinks or making gelatin, tea or coffee, you may need to adjust the amount of Kinetico Water used. You may find that you can use less coffee or tea and still get the desired taste. Or in the case of concentrated drinks, you can add more Kinetico Water without getting a watered-down taste. Also, it probably won't be necessary for you to descale your automatic coffee maker with vinegar as recommended.

¹ Kinetico is a registered trademark of the Kinetico Corporation. This is not an original Kinetico document. The content has been taken from Kinetico's "Owner's Manual" for the Drinking Water Plus System. This was produced to aid Air & Water Quality's customers that may have lost their original manual.

² The contaminants listed are not necessarily in your water.
