**Postmodern Belief** Amy Hungerford,2010-07-01 How can intense religious beliefs coexist with pluralism in America today Examining the role of the religious imagination in contemporary religious practice and in some of the best known works of American literature from the past fifty years Postmodern Belief shows how belief for its own sake a belief absent of doctrine has become an answer to pluralism in a secular age Amy Hungerford reveals how imaginative literature and religious practices together allow novelists poets and critics to express the formal elements of language in transcendent

terms conferring upon words a religious value independent of meaning Hungerford explores the work of major American writers including Allen Ginsberg Don DeLillo Cormac McCarthy Toni Morrison and Marilynne Robinson and links their unique visions to the religious worlds they touch She illustrates how Ginsberg's chant infused 1960s poetry echoes the tongue speaking of Charismatic Christians how DeLillo reimagines the novel and the Latin Mass why McCarthy's prose imitates the Bible and why Morrison's fiction needs the supernatural Uncovering how literature and religion conceive of a world where religious belief can escape confrontations with other worldviews Hungerford corrects recent efforts to discard the importance of belief in understanding religious life and argues that belief in belief itself can transform secular reading and writing into a religious act Honoring the ways in which people talk about and practice religion Postmodern Belief highlights the claims of the religious imagination in twentieth century American culture *Dictionary of the Old Testament: Pentateuch* T. **Humanistic Studies** ,1994 *The Melancholy Void* Felipe Valencia (1983- author),2021-07

At the turn of the seventeenth century Spanish lyric underwent a notable development Several Spanish poets reinvented lyric as a melancholy and masculinist discourse that sang of and perpetrated symbolic violence against the female beloved This shift emerged in response to the rising prestige and commercial success of the epic and was enabled by the rich discourse on the link between melancholy and creativity in men In *The Melancholy Void* Felipe Valencia examines this reconstruction of the lyric in key texts of Spanish poetry from 1580 to 1620 Through a study of canonical and influential texts such as the major poems by Luis de G ngora and the epic of Alonso de Ercilla but also lesser known texts such as the lyrics by Miguel de Cervantes *The Melancholy Void* addresses four understudied problems in the scholarship of early modern Spanish poetry the use of gender violence in love poetry as a way to construct the masculinity of the poetic speaker the exploration in Spanish poetry of the link between melancholy and male creativity the impact of epic on Spanish lyric and the Spanish contribution to the fledgling theory of the lyric *The Melancholy Void* brings poetry and lyric theory to the conversation in full force and develops a distinct argument about the integral role of gender violence in a prominent strand of early modern Spanish lyric that ran from Garcilaso to G ngora and beyond
