Board Games in the CLIL Classroom Thomai Alexiou, Athanasios Karasimos, 2023-12-18 The present book explores how modern board gaming and language teaching can be beneficially combined to achieve optimal impact Modern board games have a lot to offer language learners and teachers and they should play a much more significant role in what

has been labelled Content and Language Integrated Learning or CLIL Modern board games require cooperation problem solving active discovery interpretation and analysis Most importantly modern board games allow students to explore a hypothetical environment without the risk of language errors The key ingredient of the present book is game based learning and teaching theory or GBLTT a theoretical framework which measures learning outcomes based on gaming and learning procedures GBLTT is focused on balancing information and gameplay as well as putting a focus on the ability of each learner to retain language competence and to put their subject to realistic situations *Fifth Grade Math with Confidence*
