**Backyard Pets and the Changing Seasons** Jennifer Smiley,2022-08-13 In 2007 the author took over the complete care and feeding of the birds squirrels and chipmunks In about 2004 she had inherited the care and feeding from her mother who had broken her hip and then became sick with heart problems When her mother passed away in 2007 there was not much there in the way of backyard pets but over the years it became built up and quite nice The author bought a digital camera in 2010 which made the possibility of winter spring summer and autumn photographs possible Over the years the number of pets has gone up and down and the decorations have gone up and down but the author s love and devotion has remained the same The author already owned the rabbit mice and hamsters back in 2004 and they are always included in her writings of God s backyard pets Occasionally we go out and about the neighborhood for it is quite scenic and describe other places such as Mary s Pond Leonard s Pond and the scenic trail at Fairhaven for Budgie the author s bunny always came along for walks or

bicycle rides or kayak rafting and so too the mice and the hamsters The seasons play a large part in the lives of the pets and we have faithfully marked every winter spring summer and autumn Being so close to the land and to the water and what s going on with the pets it s only natural to feel the joys and woes of every season See the wonder of the squirrels chipmunks birds mice hamsters and bunnies though the miracle of each season Follow the joy of Christmas Easter and Thanksgiving through the eyes of God and the author These writings are specifically from 2015 to 2019 The author did not start with the intention of marking every season and holiday It just evolved naturally from wanting to further document the backyard lives of their pets And to do so in a way that would make a difference This book is dedicated to Budgie the author s number one pet and for whom she took on the project of the backyard pets in the first place She always did believe Whether a dozen pets or one pet we have enjoyed every minute of it     Mathematics in Nursery Education, Second Edition Ann
