control to disarm and repress its enemies and consolidate power The countless books on the Third Reich and the Holocaust fail even to mention the laws restricting firearms ownership which rendered political opponents and Jews defenseless A skeptic could surmise that a better armed populace might have made no difference but the National Socialist regime certainly did not think so it ruthlessly suppressed firearm ownership by disfavored groups Gun Control in the Third Reich spans the two decades from the birth of the Weimar Republic in 1918 through Kristallnacht in 1938 The book then presents a panorama of pertinent events during World War II regarding the effects of the disarming policies And even though in the occupied countries the Nazis decreed the death penalty for possession of a firearm there developed instances of heroic armed resistance by Jews particularly the Warsaw ghetto uprising Gunsmithing Roy F.
