

Jan 13 – Prime Ministerial Power

SECTION A

Answer EITHER Question 1 OR Question 2.

1 Prime Ministerial Power

Study the following passage and answer the questions that follow.

The decision to introduce fixed-term Parliaments was one of the key features of the coalition agreement between the Conservative and Liberal Democrat parties in 2010. The policy was, in due course, enacted through the Fixed-Term Parliament Act, 2011. The introduction of fixed-term Parliaments had long been advocated by the Liberal Democrats. It is often claimed that the reform will reduce prime ministerial power, because it means that prime ministers are no longer able to use their prerogative power to dissolve Parliament and call a general election when events turn in their favour. But a fixed five-year Parliament also means that they can plan ahead to complete their programme by a known date in the future.

The issue of fixed-term Parliaments is part of a long-running debate about how powerful UK prime ministers are. In addition to chairing cabinet meetings and controlling the cabinet system, prime ministers have attracted increasing media focus and become the 'brand image' of their party at election time. Some commentators have gone as far as to claim that UK prime ministers have, effectively, become 'presidents'. Concern about the growing powers of the prime minister has led, amongst other things, to calls for a fully codified written constitution, which would outline the role and responsibilities of the prime minister and government. This would establish clear guidelines for the exercise of prime ministerial powers, rather than allowing the prime minister to determine his or her own role as he or she sees fit.

Source: Edexcel, 12 October 2011.

- (b) With reference to the source and your own knowledge, explain **three** reforms, other than fixed-term Parliaments, which could limit the powers of the prime minister. (10)
