WINNING MASTERING APUSH: LARRY S. KRIEGER, 2025-04-04. Mastering APUSH is a unique book. Instead of presenting thousands of boring facts, it focuses on key events in the histories of African Americans, Women, and Native Americans. Taken together, these three topics will generate enough questions and points to guarantee you a high APUSH score. This unique book is designed to share this WINNING strategy with APUSH students and teachers. It begins with four narrative chapters that describe key topics in African American history from the arrival of the first enslaved Africans at Jamestown to the modern Civil Rights movement. The next two chapters provide a comprehensive review of key developments in women's history from Anne Hutchinson's outspoken protest to Betty Friedan's landmark book. A final narrative chapter describes key trends in Native American history from the Columbian Exchange to the Red Power movement. Our new book does more than provide narrative chapters. It also includes a unique practice APUSH exam that contains multiple-choice and free-response questions on key events in the histories of African Americans, Women, and Native Americans. Taken together, these questions and the sample DBQ and LEQ essays will give you an opportunity to efficiently prepare for the APUSH exam.

Blue Eyes on African-American History Philip Reiss, 2013-10. Until Bayard Rustin's lecture in the fall of 1962, no other person had brought author Philip Reiss so far toward gaining an understanding of what it was like for African Americans living as second-class citizens in this nation, which sponsors a pledge calling for liberty and justice for all. The Rustin lecture became Reiss's point of departure on his quest to learn more fully of the African American

experience it prompted him to become aware and to truly understand that the entire nation shared responsibility for the dilemma of deep seated injustices that African Americans constantly faced In *Blue Eyes on African American History* Reiss provides an account of a white professor's learning and teaching about African American history from 1970 to 1999 at a SUNY community college Reiss includes specifics of how and why he took on the challenge of teaching African American history and discusses the historical events he deems critical for understanding of that history His study relates the impact of economic exploitation facilitated by racism and how these twin evils are central to the African American historical narrative Along with factual history this volume intersperses some of Reiss's experiences as a young boy as a young adult serving in the military and as a professor teaching his course It provides unique insight into a turbulent time in America
