The Achievement Gap Michele Wages, 2018-09-30 The achievement gap is one of the most talked about issues in U S education It shows up in grades standardized test scores course selection dropout rates and college completion This book argues that the focus on the gap is misplaced Today we need to look at the societal factors that have accumulated over time and have resulted in poverty level pay for teachers lack of resources in our poorest schools and an abundance of children entering our

schools unprepared Dr Wages has written a detailed well documented book that can serve as an informative resource to create an awareness of the multidimensional and complex issues of poverty

Test Development and Validation Gary Skaggs, 2022-01-04 Test Development and Validation by Gary Skaggs summarizes the latest test theories frameworks for test development and validation and guidance for developing tests in straightforward language in one core text Students looking for clear concise explanations of measurement validity and test development within a real world context and with numerous examples will find this book to be an excellent learning resource Author Gary Skaggs takes years of experience teaching test development to graduate students across social and behavioral sciences and consulting on a wide variety of government and institutional research projects to offer students a thorough jargon free and highly applied book to help propel their own research and careers Part I of the book The Big Picture sets the stage for test development placing it within the larger context and history of measurement emphasizing measurement concepts and their evolution over time Part II Test Development covers the technical details of instrument and test development in logical order Validation Part III links the conceptual bases provided in Part I with the technical process provided in Part II to conclude the book For those students wanting to go further software suggestions are referenced in the technical chapters while Further Reading sections offer the original sources for more details Exercises and Activities at the end of each chapter provide students a variety of ways to apply their knowledge from conceptual questions to brief project ideas to data analysis problems

The Poisoning of the American Mind Lawrence M. Eppard, Jacob L. Mackey, Lee Jussim, 2024-09-25 What would you have to believe in order to dress up as a shaman paint your face and storm the U S Capitol What could possibly lead somebody to claim that it upholds white supremacy to encourage hard work self reliance rational thinking punctuality and politeness Such behaviors would have been unimaginable only a few years ago And yet here we are witnessing millions of people across the political spectrum displaying these clear indications of an epistemically poisoned mind Both red America and blue America are retreating into their own information bubbles seceding from a common reality Both consume far too much misinformation and disinformation developing worldviews that can sometimes be unintelligible to others This book explores these disturbing developments and what they mean for our society and implores us all to recover a shared sense of what is true
