How to use Linguaphone allTalk

Linguaphone allTalk utilises the highly-successful tried and tested Linguaphone method of 'listen, understand and speak'. Each of the units is divided into short sections (denoted by brief musical 'stings'), and it's best, certainly until you feel confident with the grammar and vocabulary, to take each section at a pace you can handle. Don't attempt too much at one go. Stop the recording whenever you feel the need to – either to take a break, or to go back and listen again to what you've just been learning.

This last point is particularly important. One of the great advantages of this audio-only course is that you are in control, and the pace of your learning is entirely up to you. If you experience difficulties at any time and in any section – perhaps with the grammar, with some pronunciation, with comprehension, or with anything else – then take the time to go back to whenever you need to in order to review and revise that section. And when you feel completely confident with what you've learnt, continue the recording.

Welcome to Linguaphone allTalk French

Linguaphone allTalk *French* is an entirely new audio-only course. It has been devised to help you to understand and speak French without having to consult written material, apart from this introduction and the vocabulary which follows.

During the course you will hear French native speakers conversing at a normal speed, and with practice you will quickly understand and speak French as it is spoken. Because you will 'hear' the language – rather than 'see' a written version of it – your accent will be an authentic copy of the native speaker accent.

It is always difficult to gain an authentic accent when you can see the words in your own alphabet. Working from sounds alone rapidly gives you confidence in what you hear. It also removes the desire to 'see' the language before daring to use or respond to it.

The Story

Another feature of Linguaphone allTalk – and a useful and entertaining way to check all the language you're learning – is the dramatised story that occurs regularly throughout the course. The course evolves around a series of story dialogues:

George Wickham is the Assistant Marketing Manager for Snaktrik, a company which produces high-performance foods for 'people on the go'. At the last minute, George is sent to Paris for four days as Snaktrik's English representative at the International Food Fair in place of the company's usual representative, Philip Saville, who has suddenly fallen ill.

George doesn't speak any French. Fortunately, help is at hand in the person of Snaktrik's temporary agent in France, Hélène Andéole. Hélène, who works for Salon Plus, a company specialising in trade fairs and conferences, speaks some English, and as George moves through the week, Hélène helps him with both the French language and French culture.
