Frg 100 Manual:

The Economics of Non-Wage Labour Costs (Routledge Revivals) Bob Hart, 2010-07-19 Throughout the OECD 30% of the average firm's total labour costs comprises items which are other than direct remuneration. This reissue first published in 1984 focuses upon these non-wage labour costs which include fringe benefit payments, obligatory social welfare contributions, holiday entitlements and expenditures on recruitment and training, seeking to make amends for the woeful lack of consideration given to these important factors in previous wage literature. The book focuses on two major areas of enquiry: firstly the costs for the cyclical behaviour of employment and secondly the role of average working hours per employee in the firm's overall allocation of labour services. The author begins with an empirical survey and costs breakdown followed by extensive data on Japan, the UK, the USA and West Germany. The ensuing analysis considers the question as to why firms incur the various non-wages and a comparative static factor demand model is constructed which accommodates the major cost items.

Elegant rusticity meets unpretentious luxury in the work of this award-winning architecture firm. Howard Backen, award-winning principal of the architecture firm Backen Gillam Kroeger, is at the center of a popular movement in home design that emphasizes comfort over pretension and elegant simplicity over complication that tends to serve the ego of architects. This volume, the first on his work and that of the firm, is an artful exploration of that aesthetic featuring farmhouses in the Napa Valley hilltop homes, seaside retreats and lakeside hideaways. Throughout the work, a sense of intimacy, warmth and informality pervades. Natural materials such as wood, stone and brick form the foundations, walls and ceilings of these subtly luxurious spaces while nature itself plays a considered role that is at once complementary and also intricately conjoined with the work. Long vistas open outward toward sun-drenched valleys from the window-lined wall of a bedroom in one home while more immediate scenes of steeply rising hillsides and hidden lakes appear from just beyond the back stoop and the rough-hewn board dock of another. Sensitive, alluring and wonderfully resonant with the suggestion of invitation, the work of Backen Gillam Kroeger is both thrilling to the eye and restorative to the soul.
