War on Ivermectin Pierre Kory,Jenna McCarthy,2023-06-06 Big Pharma and health agencies cry Don't take ivermectin A media storm follows Why then does the science say the opposite Ivermectin is a dirty word in the media It doesn't work It's a deadly horse dewormer Prescribe or promote it and you'll be called a right wing quack be banned from social media or lose your license to practice medicine And yet entire countries wiped out the virus with it and more than ninety five studies now show it to be unequivocally effective in preventing and treating Covid 19 If it didn't work why was there a coordinated global campaign to cancel it What's the truth about this decades old Nobel Prize winning medication The War on Ivermectin is the personal and professional narrative of Dr Pierre Kory and his crusade to recommend a safe inexpensive generic medicine as the key to ending the pandemic Written with Jenna McCarthy Dr Kory's story chronicles the personal attacks professional setbacks and nefarious efforts of the world's major health agencies and medical journals to dismiss and deny ivermectin's efficacy Part personal narrative part scathing expose The War on Ivermectin highlights the catastrophic impacts of the mass media censorship and relentless propaganda that led to the greatest humanitarian crisis in history Although numerous studies and epidemiologic data have shown that millions of lives were saved globally with the systematic use of ivermectin many more millions perished This carnage was the

direct result of what Dr Kory eventually discovered to be the pharmaceutical industry's silent but deadly war on generic medicines and the corrupt captured medical and media systems that allow it to continue. For anyone who thought Covid 19 was the enemy, Dr Kory's book will leave no doubt that the true adversary in this war is a collective cabal of power hungry elites who put profits over people and will stop at nothing in their quest for control. *The War on Ivermectin* is published through ICAN PRESS, an imprint of Skyhorse Publishing. This edition offers new material on streaming services, the relationship between demographics and entertainment spending, electromagnetic spectrum for broadcasters, and revised FASB accounting rules for film and television. Financial analysts and investors, economists, industry executives, accountants, lawyers, regulators, and journalists, as well as students preparing to join these professions, will benefit from this invaluable source.

History by HBO Rebecca Weeks, 2022-07-12. The television industry is changing, and with it, the small screen's potential to engage in debate and present valuable representations of American history. Founded in 1972, HBO has been at the forefront of these changes, leading the way for many network, cable, and streaming services into the post-network era. Despite this, most scholarship has been dedicated to analyzing historical feature films and documentary films, leaving TV and the long-form drama hungry for coverage. In *History by HBO: Televising the American Past*, Rebecca Weeks fills the gap in this area of media studies and defends the historiographic power of long-form dramas. By focusing on this change and its effects, *History by HBO* outlines how history is crafted on television and the diverse forms it can take. Weeks examines the capabilities of the long-form serial for engaging with historical stories, insisting that the shift away from the network model and toward narrowcasting has enabled challenging histories to thrive in home settings. As an examination of HBO's unique structure for producing quality historical dramas, Weeks provides four case studies of HBO series set during different periods of United States history: *Band of Brothers* (2001), *Deadwood* (2004–2007), *Boardwalk Empire* (2012–2014), and *Treme* (2010–2013). In each case, HBO's lack of advertiser influence, commitment to creative freedom, and generous budgets continue to draw and retain talent who want to tell historical stories. Balancing historical and film theories in her assessment of the roles of mise en scene, characterization, narrative complexity, and sound in the production of effective historical dramas, Weeks' evaluation acts as an ode to the most recent Golden Age of TV, as well as a critical look at the relationship between entertainment media and

collective memory On Elizabeth Taylor Matthew Kennedy, 2024 On Elizabeth Taylor An Opinionated Guide is a comprehensive overview of the film television and theatrical career of Elizabeth Taylor 1932 2011 Including an introduction biographical chronology and guide to her entire career Matthew Kennedy gives a critical assessment of each film and performance This Opinionated Guide gives direction to anyone unfamiliar with Miss Taylor s work as an actress and elegantly guides readers who desire to explore her career and her impact on twentieth century popular culture
