From Good Luck Farm H. Eastman,2015-03-11 7 - 11 H. Russell Eastman,2019-01-04 After retiring I had time to reflect on the many incidents that had taken place with no explanations I began to realize that a greater power had guided me Almost every day incidents were taking place where items were exactly in front of me before I started looking for them A particular incident happened at a fire department call when I assembled a suction hose unit for pumping out a flooded cellar A line officer asked how I was able to complete the assembly with the suction pan Various firemen had struggled in the past for a long time in the past trying to remove the fitting as they had no tools large to separate a 6 inch pipe fitting I related that I had spun it apart with my bare hands No one on the fire squad believed that I had done that Another incident occurred when I had a dream on July eleventh I had dropped a handful of notes on the floor Someone was helping me to pick them up As I reached for them my hand went right through the paper notes as I heard a voice said Russell we have a lot of work to do Many life situations for me have taken place that I am certain were done by Divine guidance Many things were too numerous to be by chance alone I had completed building a cherry dresser and entered it at The New York State Fair as a handicapped citizen Michael Yeoman submitted an article about this asking me about my woodworking I had an unfortunate incident and decided to hang up my tools and write a book The first book From Good Luck Farm was published in March 2015 **The Day Lincoln Lost** Charles Rosenberg,2020-08-04 An inventive historical thriller that reimagines the tumultuous presidential election of 1860 capturing the people desperately trying to hold the nation together and those trying to crack it apart Abby Kelley Foster arrived in Springfield Illinois with the fate of the nation on her mind Her fame as an abolitionist speaker had spread west and she knew that her first speech in the city would make headlines One of the residents reading those headlines would be none other than the likely next president of the United States Abraham Lincoln lawyer and presidential candidate knew his chances of winning were good All he had to do was stay above the fray of the slavery debate and appear the voice of reason until the people cast their votes The last thing he needed was a fiery abolitionist appearing in town When her speech sparks violence leading to her arrest and a high profile trial he suspects that his political rivals have conspired against him President James Buchanan is one such rival As his term ends and his political power crumbles he gathers his advisers at the White House to make one last move that might derail Lincoln s campaign steal the election and throw America into chaos A fascinating historical novel and fast paced political thriller of a nation on the cusp of civil war The Day Lincoln Lost offers an unexpected window into one of the most consequential elections in our country s history Farm Mechanics ... ,1929 **Dominion Experimental Farms in ...** Canada.
