The Parker Society for the Publication of the Works of the Fathers and Early Writers of the Reformed English Church Parker Society (Great Britain), 1844. **The Institution of the Christian Religion, Etc. [The Translation by Thomas Norton. With "The Life of Mr. John Calvin."]** Jean Calvin, 1762. The Conclusion of the New Testament Witness Lee, 1985. **The Conclusion of the New Testament (5)** Witness Lee, In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set, Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life, nourishment, or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does. **Maya Angelou** Mary Jane Lupton, 2016-01-18. This book presents the extraordinary life and writings of Maya Angelou. It examines the changing viewpoints in her six autobiographies within the context of women's and African American autobiographies with specific reference to the slave narrative and to contemporary fiction and film. *Maya Angelou: The Iconic Self* examines this iconic artist's work as an autobiographer, offering an up-to-date assessment of Angelou's contributions to American literature and to American and international culture. This is the only book to interpret Angelou's autobiographies as unique experiments in the history of black narrative. It attests to Angelou's creativity in transforming the typical single-volume autobiography into a six-volume personal and cultural adventure that tells the truth but reads like fiction. The narratives cover the years from the Great Depression (1941) to the days following the assassinations of Malcolm X (1965) and Martin Luther King (1968), emphasizing Angelou's roles as mother, daughter, granddaughter, wife, and friend. This revised edition also presents information about Maya Angelou's funeral and her continuing legacy since her death in 2014. The depth and scope of the book's observations regarding Angelou's autobiographies will be of great interest to readers seeking an analysis of the interconnections among Angelou's writings as well as serve students taking courses in women's studies or black culture studies. **The Disciple of Christ**, 1885. We Gather Together Neil J. Young,2016 Tracing the interactions among evangelicals Catholics and Mormons from the 1950s to the present day We Gather Together recasts the story of the emergence of the Religious Right showing that it was not a brilliant political strategy of compromise and coalition building hatched on the eve of a history altering election Rather it was the latest iteration of a much longer religious debate that had been going on for decades Evangelicals Catholics and Mormons found common cause and pursued similar ends in debates about abortion school prayer the Equal Rights Amendment and tax exemptions for religious schools but they were far from a unified bloc cracks in the alliance shaped the movement from the very beginning This provocative book will reshape our understanding of the most important religious and political movement of the last 30 years The Ante-Nicene Fathers Alexander Roberts,2007-05-01 One of the first great events in Christian history was the Council of Nicaea in 325 AD convened to organize Christian sects and beliefs into a unified doctrine The great Christian clergymen who wrote before this famous event are referred to as the Ante Nicenes and the Apostolic Fathers and their writings are collected here in a ten volume set The Ante Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices But they are also real and flawed men who are more like their fellow Christians than they are like the Apostles making their words echo in the ears of spiritual seekers In Volume V of the 10 volume collected works of the Ante Nicenes first published between 1885 and 1896 readers will find the writings of Hippolytus who during his time was considered an antipope because of his conflicts with the Church Cyprian a bishop of Carthage who greatly supported the establishment of the Church Caius who supposedly wrote the Muratorian Canon the oldest list of the books in the New Testament Novatian an antipope who founded a sect of Christianity that endured a few hundred years after his death
