## Essay topics

The following are topics from which you may choose to write your Gatsby essay. Choose one topic and shape your essay around a thesis that you create. Remember, your thesis is a statement, and should be an answer to the question you are trying to answer.

1. Perform a character analysis of Daisy. What's she really about? Is she a pawn? Did she ever love Gatsby? Is she manipulative? What other questions about her intrigue you and leave you wondering?
2. Is Nick a reliable or unreliable narrator? How does his point of view colour the reality of the novel, and what facts or occurrences would he have a vested interest in obscuring?
3. Fitzgerald's story shows the clear delineations between different strata of society: new money, old money, some money, and no money. How are readers to interpret his comments on each of these groups? Does he hold any one group above the other? Are there ways in which people of all groups are alike?
4. Discuss the novel's theme that the American Dream is corrupted by the desire for wealth. What does the novel and its theme offer about the American identity?
5. Who is most responsible for Gatsby's death?
6. Is what Gatsby feels for Daisy love, obsession, affection, or accumulation/objectification? What is Fitzgerald's message here? Consider discussing whether or not Gatsby can really love, given his characteristics.
7. Compare and contrast the major female characters in the novel: Daisy, Jordan, and Myrtle. How does each act towards men? What are their motivations/goals/desires/values? How are they treated by men (including the narrator/author)?
8. Discuss Fitzgerald's use of symbolism (this is a large topic that must be significantly narrowed - such as focusing on one symbol and

**A Piagetian Reading of "The Great Gatsby": Gatsby's Character and Augmented Reality** Marie H., 2014-10-14 Seminar paper from the year 2014 in the subject American Studies Literature grade 1-7. RWTH Aachen University Institut für Anglistik, Amerikanistik und Romanistik. Language: English. Abstract: The paper at hand will focus especially on Piaget's second development stage, the preoperational stage, which covers children around the age of

three Subsequently the character of Jay Gatsby will be analyzed Does Gatsby act like a three year old boy and in how far does this affect his reality One question answered in the conclusion is if it is possible to analyze Gatsby only considering his egocentrism and is Piaget is the right theorist to use as a base In how far can Gatsby be reduced to only one of his attributes The most important literature that will be used is the novel The Great Gatsby by Fitz gerald as well as three publications written by Piaget Meine Theorie der Geistigen Entwicklung eng My Theory of Mental Development Possibility and Necessity Vol 1 the Role of Possibility in Cognitive Development and Theorien und Methoden der Modernen Erziehung eng Theories and Methods of Modern Education Those three publications are used because they are primary literature as well as relevant to the topic since they cover almost everything needed for this term paper This literature and such more will first give a definition of what the preoperational stage includes especially focusing on the egocentrism which will then build the base for the character analysis By analyzing Gatsby s character I want to ascertain his obvious egocentrism All in all I believe that Piaget is a start to analyze Gatsby s psyche He is not the usual theorist used for character analysis since he focused his research on children Yet I believe Piaget is the right choice for this topic I chose him as the foundation of the paper to point out Gatsby s inner child

*Elites in "The Great Gatsby" and "American Psycho". A Comparison of the Illustration of Elites* Till Neuhaus,2019-05-13 Bachelor Thesis from the year 2014 in the subject English Language and Literature Studies Literature grade 2.0 Bielefeld University language English abstract This paper aims at comparing the illustration of elites in two different temporal episodes The novels which will be the basis for this comparison are F Scott Fitzgerald s *The Great Gatsby* and Bret Easton Ellis *American Psycho* The explanation of the literary choices will be delivered in the next section Both F Scott Fitzgerald and Bret Easton Ellis have created characters larger than life which partly represent the perversion of the upper classes but both also provide literally symbolically and figuratively different approaches to escape the problems they are facing May it be Jay Gatsby or Patrick Bateman they both feel uncomfortable in their respective environments and strive for something their current life cannot provide Those desires reflect the bygone and contemporary decoupling of the upper classes lives and thereby comment on society as a whole in their respective temporal context After explaining what makes those novels predestinated for a comparison New York as a social and cultural concept

and its history will be depicted Considering that both novels take place in New York and the geographical space clearly has an impact on the progression of the plot but also the mindset of the protagonists New York needs to be understood first to then derive sense from the novels taking place there Afterwards the term elites will be defined and set into context After having created a working definition of the term elites the work on the two novels will start with a temporal contextualization of the novel and the authors lives After doing so the actual illustration of the elites will be analyzed In a second step the two novels and their depiction of the upper classes will be compared and contrasted After identifying both differences but also uniting factors the conclusion will pick up the hypothesis from the beginning and on the basis of that new questions for further research will be raised Media and artists had and still have enhanced interest in the life and doings of elites The reasons for that might be diverse and range from pure voyeurism to complex social criticism Nonetheless elites occupy artists minds ever since and the list of authors who incorporated elites into their plays stories or novels is long and prestigious Even until today the concept of elites has an undeniable impact on both society and art
