Mental Health: Intervention Skills for the Emergency Services Tricia Scott, 2023-03-28 This book addresses the practical management of mental health scenarios in the emergency setting and offers first hand reflections on how emergency nurses practitioners and allied mental health professionals handle these situations Responding to mental health needs in emergency situations can be profoundly complex Frequently emergency nurses and other personnel express their feelings of powerlessness as they do not know what to say or do in order to achieve the best outcome and have concerns that their intervention may make the situation worse for those in their care How a practitioner confronts the mental health encounter and takes the essential steps in managing the event can have a critical impact on how that person copes in the future This book helps readers understand what is involved in mental health work in emergency situations and the practical psychosocial and spiritual tensions that arise from managing the event and the sequelae Moreover it shows that it may be possible to provide a more effective emergency mental health service This unique edited book presents critical reflections on aspects of mental health work gathered from the hands on experiences of the personnel Mental health encounters in the emergency context are described in detail illustrating not only what emergency

nurses and mental health workers do when mental health crises occur but also what they feel about what they do Written by a diverse team of emergency and mental health nurses and allied professionals currently engaged in emergency care both in hospital and pre hospital settings this book will appeal to emergency nurses and allied health professionals alike

Geographies of Health and Development Rachel Bezner Kerr, Isaac Luginaah, 2016-03-03 The geographies of health and development is an emerging sub discipline tying in with many of the conceptual theoretical and practical components of other disciplines working in health health care economics and international development Spatially and theoretically grounded in geography this collection offers a fresh perspective on the dialectic relationships between health and development Health problems in a developing context take on much higher rates of prevalence as a result of the varied cultural structural and economic vulnerabilities of the people they impact This book begins by exploring some of the circumstances surrounding the distinctive health inequities currently facing many developing countries including malaria maternal mortality and HIV AIDS This is followed by a discussion of how matters of physical access and human resource issues and perhaps most importantly the challenges of financing together shape the access and utilization of health care Examining how the environment interacts to influence the health of the people that live there the next section includes discussion around challenges of food in security and the importance of clean and uncontaminated water for health Finally the book explores the influence of globalization on health specifically within the urban environment against the backdrop of global health policy *Proceedings of 3rd World Congress on Midwifery and Women's Health 2017* Conference Series, November 13 14 2017 London UK Key Topics Womens Health Menstrual Cycle Midwifery Neonatology Pediatrics Women Oncology Breast Diseases Uterine Diseases Pregnancy Gynecology Obstetrics Abortions Women s Health Midwifery Nursing Practice Reproductive and Sexual Health Women Reproductive Cancer Reproductive Endocrinology Influence of Drugs and General Awareness on Pregnancy Maternal and Child Health Ethical Social and Legal Issues Healthcare Access - New Threats, New Approaches Ayşe Emel Önal, 2023-11-02 Access to health care is the ability to receive health services for the prevention detection and treatment of disorders that affect health For health care to be accessible it must be affordable and able to protect and improve health There are myriad reasons that may make access to health services difficult or even impossible These include economic problems conflicts climate change internal and external migrations beliefs and so on This book examines many of these barriers to health care and proposes solutions for overcoming them Methodological Innovations in Research and Academic Writing Zimmerman, Aaron Samuel, 2021-10-08 Innovative methodological approaches are vital for experienced researchers and early career researchers alike to conduct research In order to provide them with the best possible resources the methodologies must be comprehensive and describe the data sources approaches to data collection and approaches to data analysis that are typically employed within the given methodological approach Methodological Innovations in Research and Academic Writing serves as a resource for graduate students and higher

education faculty and presents a number of methodological innovations in research as well as applied examples of these methodologies in practice The chapters focus on the application of methodological approaches through the presentation of real world examples and descriptions of the epistemological foundations of the given methodologies so that researchers can fully articulate and justify their methodological choices in the context of their research design It is a crucial guide for graduate students who are designing and writing their doctoral dissertations as it introduces them to the best practices related to rigorous research design and academic writing This book is ideal for graduate students higher education faculty researchers and academicians The Report: South Africa 2012 ,2012 Flood Handbook Saeid Eslamian,Faezeh A.
