A1. True or False

Rewrite the following statements and state whether they are True or False:

(2)

- (i) Now the writer has a pocket diary.
- (ii) Ex-generation were using a ball pen to write.
- (iii) Now the writer uses a laptop.
- (iv) Even a signature seems to have become electronic.

The Days of Pocket Diary

There was a time when I had a pocket diary and a pen wherever I went but now I have a laptop and iPhone accompanying me instead. I still use a pen but its purpose has been restricted to signing on a cheque or scribbling a few words here and there. Even a signature seems to have become electronic.

MS Word or a notepad on my laptop (even on an iPhone or an iPad) is doing the job a notebook did some years ago. The only difference is that instead of my holding a pen for support, my fingers are at work all by themselves typing on the keyboard of the laptop or the touch screen of iPhone. Now, I feel that beautiful thoughts ooze out of my heart to slip down, not through the ink of my pen but through the typing fingers only to be edited later on to the flat LCD screens of my laptop. The only advantage is saving paper as I can edit innumerable times that don't cost a thing to get my final version. While writing and typing have almost become synonymous because of technology, it has made writing no more writing in its truest sense.

The advent of technology has brought in so many changes that we can hardly fathom the effects on the further generations. There might come a time when our future generations laugh at the very idea that their ex-generations were using a pen to write. They may also come to know about pens - like Dinosaurs - that existed once upon a time in the history until they were extinct (useless).

Certainly a bleak future awaits those legendary Parker and fountain pens.
